

Dear Student,

This year, as part of our comprehensive alcohol prevention program, Notre Dame de Namur University is asking each member of the first-year class to complete AlcoholEdu for College – an online, non-opinionated alcohol prevention program. Used on over 500 campuses nationwide, the course uses science-based research to educate students about alcohol and its effects. Whether you drink or not, AlcoholEdu for College will empower you to make well-informed decisions about alcohol and help you better cope with the drinking behavior of your peers.

The course has two sections, **both** of which must be **completed to fulfill this requirement:**

The course will open on July 16th. Part 1 of the course takes approximately 2 hours to complete, and we recommend that you take it in multiple sittings. This part ends after Survey 2 and the Exam. You must earn a grade of **75** or higher to pass and receive credit for the course. **The deadline for finishing Part 1 is August 20th.**

About **45 days** after you complete Part 1, you will receive an email asking you to complete Part 2. **The deadline to complete Part 2 is October 22nd.**

Please be aware that this course is mandatory. A Campus Life hold will be placed on your student account should you fail to complete either portion of this course. You will not be able to check into housing, or change your classes until the course is completed. We are excited to share with you that all students who successfully complete both portions of AlcoholEdu for College by the stated deadlines will be entered into a raffle that will take place in early November. In past years, the raffle has included iPod Nanos and restaurant gift certificates.

Please note that the course includes three surveys that measure students' alcohol-related attitudes and behaviors. All survey responses are strictly confidential; the school will only receive information about the student body as whole and will never see individual students' answers. To take AlcoholEdu for College, you will need a computer with Internet access and audio capabilities. Ready to start? See the next page for instructions.
