MEAN SCORE			2.87	2.87	2.70	2.83	2.87	2.57	2.87	2.78	22.35

INITIAL ANALYSIS: Mean total score is 22.35, which is higher than the following: both minimum (19) and secondary minimum (16) passing scores in General Ed, both minimum (17) and secondary minimum (15) passing scores in Special Ed-MMSN. Appears to be typical of what beginning teachers are able to do. Lowest rubric score was in rubric 1.6. This is the rubric that pertains to the three annotated video clips, particularly video clips #2 and 3. Consideration of continued practice for our teacher candidates in alignment to rubric 1.6: How does the candidate actively engage students in higher-order thinking, monitor/informally assess their understanding, and explain to students next steps for content learning and/or skills?
