## Class Lists, Grade List, Waitlist, and Course Schedule Reports

### Log into EX

From the Activity Centers column, click “Reports – Registration”

Click “Class List Report”

Change the year and term to the term for which you want a class list.

There are different types of information available, depending on the report you choose.

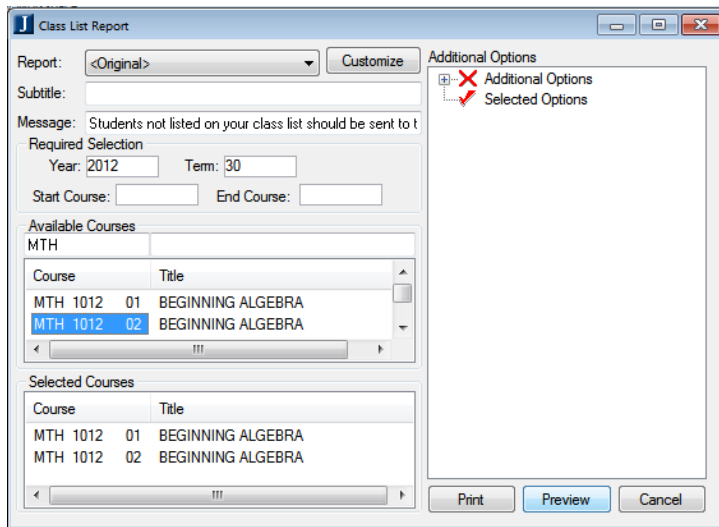

- Original
  - o Name, Waitlist status, class code (Fr, So, Jr, Sr), repeat, grade
- D\_classlist\_rpt\_phone\_email\_ndnu
  - o Name, waitlist status Repeat, class code, holds, phone numbers, student and personal email, address, grade
- D\_classlist\_rpt\_ndnu
  - o Name, waitlist status, repeat, holds, grade, class code
- D\_classlist\_rpt\_ph\_eml\_emp\_ndnu
  - o Name, address, phone numbers, student and personal email, waitlist status, holds, class code, major code

Type the prefix of the course you are looking for into the “Available Courses” space.

## Administrative Coordinators Guide

Drag the course(s) for which you want to see a class list down into “selected courses”. You need to drag down the course number, not the name. Click Preview to preview the class list.

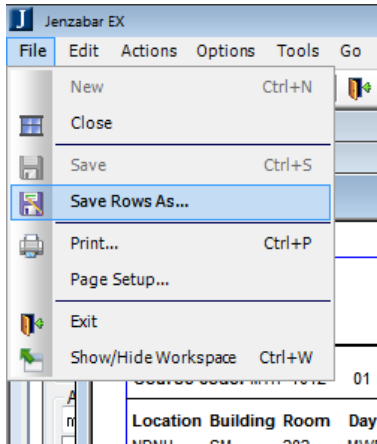

Click Print to print the class list(s).

You can also save the reports as an Excel 5 file. In Excel, you will be able to view the grade column, which is not viewable in the regular view.

To Save as an Excel 5 file, Preview the class list.

## Administrative Coordinators Guide

Click File, Save Rows As, and choose Excel 5. Save the file in your folder on the server, or wherever you want to store it.

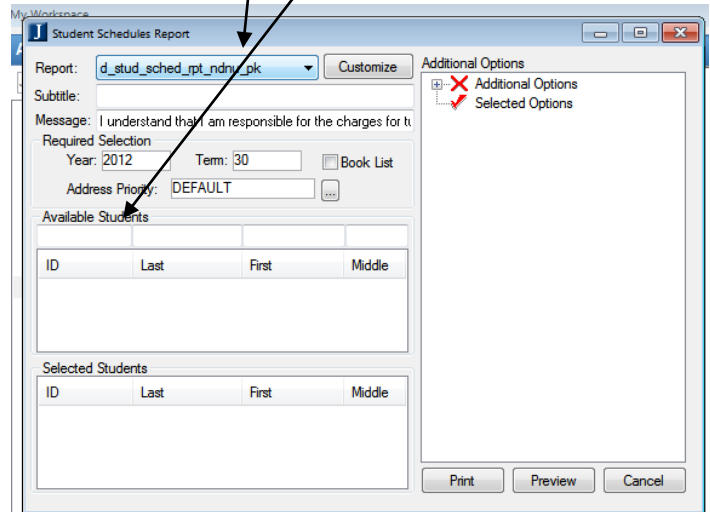

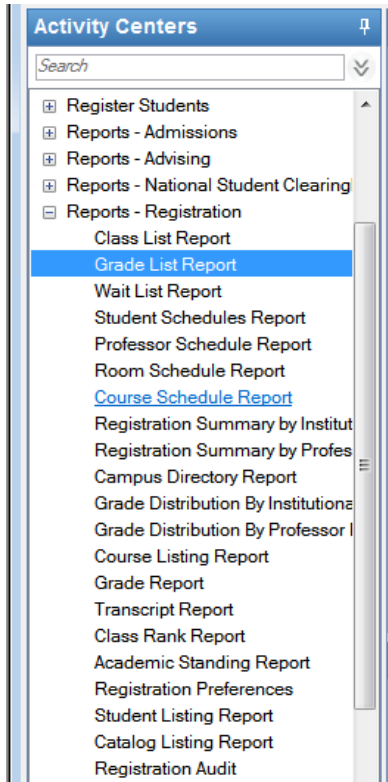

You can view and print Grade List Reports, Waitlist Reports, and Course Schedules using this same process. When viewing the wait list report, choose `d_waitlist_rpt_id_name_pk_ndnu`

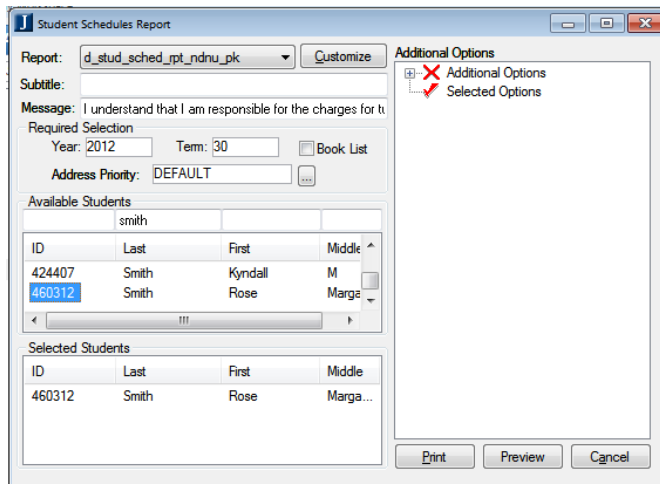

Student and Professor Schedules

Select Student Schedules Report from the Activity Centers

Change the report in the upper left-hand corner to d\_stud\_sched\_rpt\_ndnu\_pk

Type the student's name or ID number in the Available Students space. If a student with that name is available, they will populate. Drag their ID number to Selected Students.

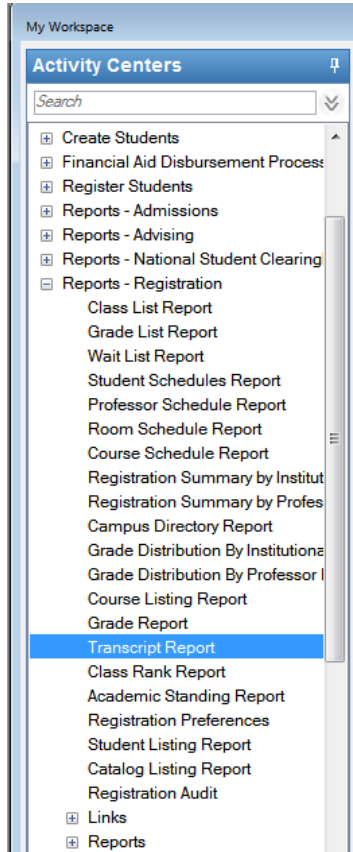

Click Preview to view the student's schedule. Click Print to print the student's schedule. You can view and print more than one student's schedule at a time by selecting their names.

Do this same process for Professor's Schedules, but choose Professor Schedule Report from the Activity Centers menu.

Transcript Reports

You can view a transcript for any student from Jenzabar, but you cannot print it. To view a transcript, select Transcript Report from the Registration Report Activity Center.

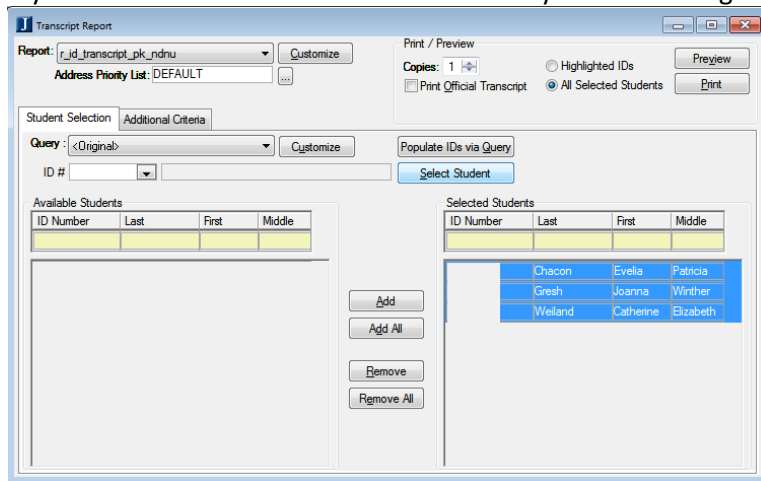

The first time you run a transcript report, change the Address to "Default", and select the report, "r\_id\_transcript\_pk\_ndnu"

Type the ID numbers of the student for whom you want to see a transcript. Click Select Student. If you don't know the ID number for the student, you can type in their <last name, first name> and select the student from the list that appears.

When you have selected all of the students for whom you want to see transcripts, click Preview.

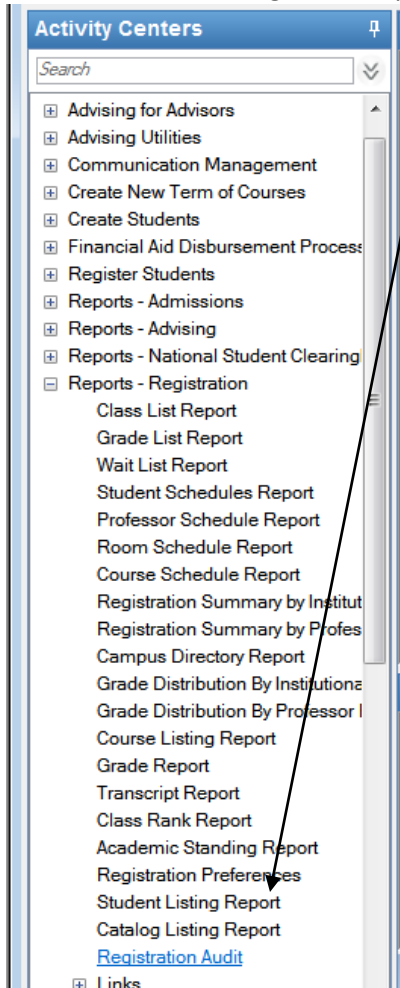

If you want to remove students from the list you are working with, click remove.

### Student Listing Report

You can pull up a Student Listing Report to check the students who are registered for this semester. You can pull it up for students listed in a particular major, or all students.

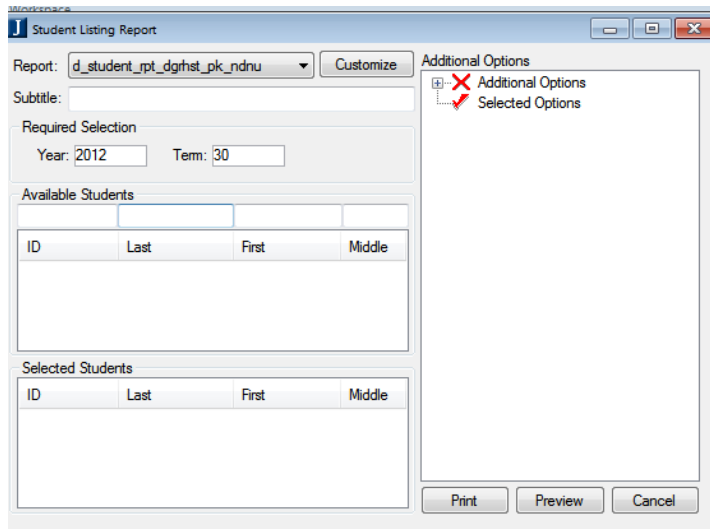

Click on Student Listing in the Reports – Registrar menu in the Activity Centers.

There are several different report options to run.

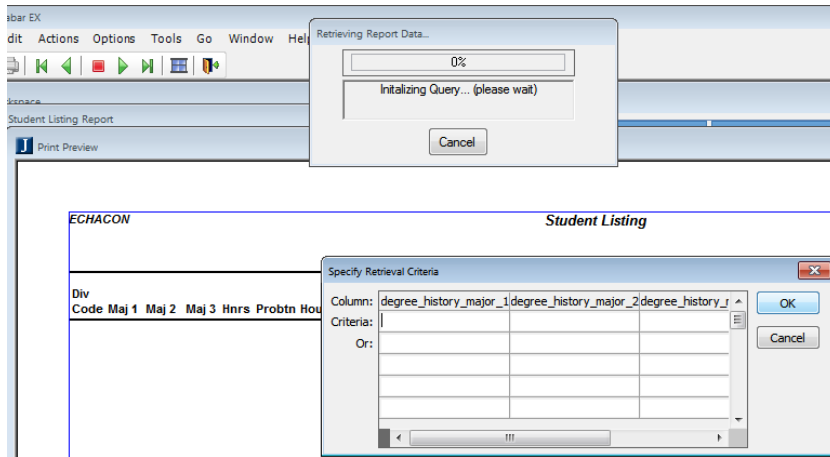

- Original
  - o Basic information about students, including class level, hours enrolled, hours earned, GPA, etc.
- D\_student\_rpt\_dgrhst\_pk\_ndnu
  - o More expansive information about each student, including religion, address, gpa, ethnic group, etc
- D\_student\_rpt\_dgrhist\_hw\_pk\_ndnu
  - o Basic information, such as name and address, GPA, and health insurance information
- D\_student\_rpt\_dgrhst\_sourceinfo\_pk\_ndnu
  - o Includes all the information from the 2<sup>nd</sup> report, plus information on source (where the student found out about NDNU). It also includes major description.

Select the year and term for which you would like to run the report, and click Preview.

## Administrative Coordinators Guide

You can type in the code for the major and or minor you are looking for, or leave all of that information blank. Click Ok.

This will give you a list of everyone registered for the semester. You can save it as Excel 5, and filter for the information you are looking for.
