Our Commitment

The goals of Notre Dame de Namur University (NDNU) Community is to protect life and property by providing a safe and secure learning and working environment for students, staff, faculty, and visitors. NDNU works to achieve this through the enforcement of NDNU policies, procedures, and regulations as well as local, state, and federal laws.

Message from the President

Thank you for taking the time to read the annual security report. Whether you are faculty, staff, student, or visitor, our NDNU Community and Public Safety team are here to provide you with a safe and secure environment and to meet the educational goals of this institution. NDNU is committed to providing the campus community with proactive, positive, and professional safety services that are courteous, and service driven.

It is my expectation that the professionally trained members of the public safety team will continually be guided by integrity and a service-oriented mindset to help ensure the safety of our community and support to the University and its visitors that is in keeping with NDNU's Core Values and the Hallmarks of a Notre Dame de Namur Learning Community.

Public Safety

CBRE through Securitas provides safety and security service for NDNU. Coverage is provided Monday through Sunday 6:00 am through 10:00 pm. The 59-acre campus is patrolled on foot and by vehicle. Securitas maintains Security Guard Licensure.

A safe NDNU community begins with each individual. We encourage you to take responsibility for yourself and those around you by becoming familiar with policies and procedures, staying alert, and maintaining situational awareness as you move around the campus. We also want you to share concerns with the appropriate staff, use common sense, and care for personal belongings, keys, valuables, and ID cards.

Notre Dame de Namur University maintains a cooperative working and information-sharing relationship with the Belmont Police Department and federal law enforcement/public safety agencies.

Reporting Emergencies

What is an Emergency?

A 911-emergency is any situation in which immediate police, fire, or medical response is required to preserve life or property, such as:

- an assault or immediate danger of assault
- chemical spill
- someone choking
- crime in progress
- drowning
- fight
- fire
- serious injury or illness
- situation involving weapons
- sounding of an emergency whistle

For immediate police, fire, or medical response, dial 911 from a cell phone or any non-university phone. Belmont Police Department dispatch can also be reached directly at 650-595-7400.

The “Jeanne Clery Act”

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, codified by 20 USC 1092 (f) as part of the Higher Education Act of 1965, is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security policies. All public and private institutions of postsecondary education participating in federal student aid programs are subject to it.

The Clery Act, originally enacted by Congress and signed into law by President George Bush in 1990 as the Crime Awareness and Campus Security Act of 1990, was initiated by Howard & Connie Clery after their daughter Jeanne was raped and murdered at Lehigh University in 1986. The Clery's also founded the non-profit Clery Center for Security on Campus (formerly Security on Campus, Inc.) in 1987. Amendments to the Act in 1998 renamed it in memory of their daughter Jeanne. The complete text of the Clery Act and U.S. Department of Education regulations are available on the Clery Center for Security on Campus website at <http://clerycenter.org>.

Policy Statement on Preparation and Disclosure of Crime Statistics

The NDNU Department of Human Resources prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our web site at:

<https://www.ndnu.edu/campus-life/public-safety/>. You will also be able to connect to our site via the NDNU home page at <https://www.ndnu.edu/>. This report was prepared in cooperation with the Belmont City Police Departments, and NDNU's HR and Facilities Departments. Each entity provided updated information on their educational efforts and programs to comply with the Act.

Campus crime, arrest, and referral statistics include those reported to the designated campus officials (including but not limited to Directors, Deans, and Department Heads. These statistics may also include crimes that have occurred in private residences or businesses, the reporting of which is not required by law. California law (11160 of the California Penal Code) requires prompt, mandatory reporting to the local law enforcement agency by health care practitioners when they provide medical services to a person they know, or reasonably suspects is suffering from wounds inflicted by a firearm or is a result of assaultive or abusive conduct. A procedure was in place to anonymously capture crime statistics disclosed confidentially during such a session.

Each year, an email notification is sent to all enrolled students, current staff, and faculty that provides the web site to access this report. All prospective employees may obtain a copy from Human Resources located in Toso Namur or by calling (650) 508-3526.

Policy Statement on Accurate and Prompt Crime Reporting

Community members, students, faculty, staff, and guests are encouraged to report all crimes and public safety related incidents to an NDNU division head, director, and/or dean in a timely manner.

To report a crime or an emergency impacting the NDNU campus during normal business hours, call 911. It is critically important that members of our community report crimes in progress, or threats in a timely manner to help keep the campus safe. Do not attempt to apprehend or interfere with the suspect. If a hostile intruder is discovered in your immediate area, and you deem it unsafe to evacuate, retreat to a secure location such as an office or room that can be locked. Turn off the lights, remain quiet, keep low to the ground, and hide behind a desk or other furniture.

If assistance is required from the Belmont Police Department, Call 911.

Policy Statement on Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the University President, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. The warning will be issued through the University email system to students, staff, faculty, and the campus newsletter.

Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to individuals and the NDNU community, the Department of Marketing and Communications may also send a notice on the

campus wide emergency text alert system in order to provide the university community with more immediate notification.

In such instances, a copy of the notice will also be posted in public bulletin board, and throughout the campus where students, staff, and faculty congregate. Follow up information may also be posted on the Emergency Information section of the NDNU website located at: <https://www.ndnu.edu/resources/emergency/info> Anyone with information warranting a timely warning should report the circumstances to the NDNU President, Provost, Cabinet member or by calling 911.

Policy Statement on Security and Access

During business hours, the university will be open to university students, parents, employees, contractors, guests, and invitees. During non-business hours, access to all university facilities is by key, if issued to university employees. In the case of periods of extended breaks, the university will admit only those with prior written approval to all facilities.

Policy Statement on Voluntary Confidential Reporting

Suppose you are the victim of a crime and do not want to pursue action within the university or criminal justice system. In that case, you may still want to consider making a confidential report. With your permission, a member of the NDNU staff can file a report on the details of the incident, and only those individuals with a need to know will be given the details or information. This is to ensure your and other community members' future safety. With such information, the university can keep accurate records of the number of incidents involving students, determine where there is a pattern of crime about a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this way are counted and disclosed in the university's annual crime statistics report.

Policy Statement on Limited Voluntary Confidential Reporting

The NDNU Administration encourages anyone who is the victim or witness to any crime to promptly report the incident to their Division Head, Cabinet member or to the Belmont Police Department. Because police reports are public records under state law, the Belmont Police Department cannot hold reports of crime in confidence.

Confidential reports for the purpose of inclusion in the annual disclosure of crime statistics can generally be made to other campus security authorities (CSAs), as identified below. Confidential reports of crime may also be made to facilitiesandsecurity@ndnu.edu.

- Staff and Faculty Advisors

Policy Statement Addressing Counselors

As a result of the negotiated rulemaking process that followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f) clarifies those considered campus security authorities (CSAs). Campus "Pastoral Counselors" and Campus "Professional Counselors," when acting as such, are not considered to be CSA and are not required to report crimes for inclusion in the annual disclosure of crime statistics. As a matter of policy, they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes voluntarily for inclusion in the annual crime statistics. All personal information is strictly confidential.

The rulemaking committee defines counselors as:

Pastoral Counselor

That religious order or denomination recognizes an employee of an institution associated with a religious order or denomination as someone who provides confidential counseling and functions within the scope of that recognition as a pastoral counselor.

Professional Counselor

An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution's community and who is functioning within the scope of their license or certification.

Currently, NDNU does not have any employees in either the Pastoral or Professional Counselor job function.

Violence Against Women Reauthorization Act

Purpose

The Violence Against Women Reauthorization Act of 2013 (VAWA) (Pub. L. 113-4), which, among other provisions, amended section 485(f) of the HEA, otherwise known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). The Clery Act requires institutions of higher education to comply with certain campus safety and security related requirements as a condition of their participation in the Title IV, HEA programs. Notably, VAWA amended the Clery Act to require institutions to compile statistics for incidents of dating violence, domestic violence, sexual assault, and stalking and to include certain policies, procedures, and programs pertaining to these incidents in their annual security reports. VAWA amends section 668.46 of title 34 of the Code of Federal Regulations (CFR) to implement these statutory changes. Additionally, this updated section incorporates provisions added to the Clery Act by the Higher Education Opportunity Act, enacted in 2008. NDNU's policy on Sexual misconduct can be found both on the NDNU website here and in the Student Handbook.

Missing Person Notification and Procedures

The purpose of the Missing Person's Policy is to establish procedures for the University's response to a report of a missing residential student as required under the Higher Education Opportunity Act (HEOA) of 2008. Procedures are in place to both collect emergency contact information for our students, and for our public safety department to respond to reports of missing students. The policy and notification procedures are outlined in our Student Handbook, which can be found [here](#) on our website. Currently, NDNU does not have any residential students.

Megan's Law

Section 290 of the California Penal Code requires people convicted of certain sexual offenses to register with the local law enforcement agency responsible for the jurisdiction in which they reside within five working days of their birthday, and within five working days of changing their address. This is a lifetime requirement. Law enforcement cannot dictate where an offender lives, as long as the offender registers his/her residence with the appropriate jurisdiction. (Complete requirements are listed in Section 290 of the California Penal Code at: <https://meganslaw.ca.gov/>)

Drug and Alcohol Abuse Prevention Programs

Effectiveness of the Program:

Due to Notre Dame de Namur University not having any in-person undergraduate programs and no graduate students living on campus, all supporting programs have stopped. However, there are online training programs available.

There were no campus-based drug or alcohol-related fatalities in 2019, 2020, or 2021 academic years while undergraduates live on campus. No undergraduates have resided on campus since that time. There have also been no drug or alcohol related fatalities since that time among the graduate residents.

Student Alcohol & Other Drugs

Parental Notification Policy for Alcohol and Other Drug Policy Violations

During the past year, there were no students to whom a parental notification policy would apply. When there were students under the age of 21 residing on campus, the following policy applies.

NDNU is committed to the development of a personal and community experience which significantly contributes to the intellectual, spiritual, and psychological education and development of students.

The University's Parental Notification Policy for Alcohol and Other Drug Violations is aligned with the Higher Education Amendments of 1998. This set of amendments permits an educational institution to disclose to the parents or legal guardians of a student, information regarding these student's violation of any federal, state, or local law or any rule or policy of an institution governing the use or possession of alcohol or a controlled substance, if the student is under age 21 and the institution determines that the student has committed a disciplinary violation with respect to such use or possession. The 1998 amendment further provides that this determination is not impingent upon a conduct hearing or process. Students will be notified in advance that his/her parent(s) or guardian(s) are to be contacted. NDNU may exercise this right under any of the following circumstances:

- A student is transported to a medical facility for treatment related to alcohol or drug use.
- A student causes harm to him/herself or another while under the influence of alcohol or illicit drugs.
- A student is arrested or taken into police custody while under the influence of alcohol or illicit drugs.
- A student is responsible for vandalism or other destruction of property while under the influence of alcohol or illicit drugs.
- A student operates a vehicle while under the influence of alcohol or illicit drugs.
- A student disrupts teaching, disciplinary procedures, classroom learning or other University activities while under the influence of alcohol or illicit drugs.
- Information regarding a student is needed from a parent or guardian in connection with an emergency to protect the health and safety of the student or another individual.
- A student shows a pattern of alcohol violations within an academic semester.
- Other circumstances as determined by a student's Dean, or their designee, to be appropriate (i.e. life threatening situations, mental illness, etc.).

Counseling Services: A Commitment to Help

A problem exists when one's use of alcohol or illicit drugs causes physical or emotional harm, impairs one's judgment, infringes upon the rights of others, or interferes with one's work, relationships, or daily life. NDNU regards an alcohol or other drug problem as it does other behavioral/medical ones and does not attach a moral or social stigma to such personal difficulties. Alcohol and other chemical dependency problems can be treated successfully if they are identified as early as possible and if appropriate treatment programs are promptly instituted. NDNU is committed to providing resources for prevention programs and referral for treatment as needed. Specifically, counseling sessions and referrals were available to any students in need during the 2023-24 academic year. NDNU students have access to TimelyCare for referral services.

Emergency Information Regarding Alcohol and Illicit Drugs:

When Alcohol Use Is Involved, Why Call?

Students may be impaired or intoxicated by alcohol or drug use. Serious medical consequences can occur when well-meaning friends of an intoxicated or impaired student risk a student's physical well-being by taking care of the student themselves. Not every person knows if they have had too much to drink and there is a chance that you may be with another person whose drinking is at a dangerous level. Dangerous impairment by drugs may also not be immediately recognizable. Even a person who has consumed only a small amount of alcohol may be experiencing a dangerous interaction with illegal or prescription drugs or may have other complicating health conditions. In these rare circumstances, the University's priority is the preservation of life. A Student should not hesitate to call 911 in these circumstances. Many symptoms and factors can contribute to medical emergencies such as alcohol poisoning, drug impairment, other specific medical conditions, or interactions between all three, and serious consequences can result. To call:

From a Campus Phone: 911

From your cell phone: 911

When Alcohol Is Not Involved, Why Call?

You may be faced with a medical emergency when alcohol use is not involved.

For students with a medical emergency resulting from ailments such as asthma, diabetes, allergic reactions, epilepsy or other conditions who appear to need help, please contact 911. Sometimes a person in medical distress needs YOU to make the call. If you are unsure if a person's life is in danger, but you think it might be, make the call. You may need to ignore statements by the student in distress regarding whether or not they want you to call for help. Remember, their judgment may be impaired by their medical condition. Immediately call 911.

How to Recognize a Medical Emergency?

Dangerous medical situations involving alcohol or drugs, or other dangerous medical conditions can come in many shapes and forms. You may not recognize the signs of an emergency because you have become accustomed to behaviors that may look normal when you or others are under the influence of drugs or alcohol. It is important to be aware and understand that a person, whether under the influence of alcohol or drugs, or not, who is unable to perform normal functions may be in a dangerous situation and need medical help immediately. Call 911 when a person: Is passed out and cannot be roused or awakened or cannot stay awake or is unconscious; has difficulty speaking coherently or comprehending others or the situation

around them; has difficulty sitting, standing or walking or cannot do this without assistance; is vomiting.

Dangerous medical situations may result in falling, becoming unconscious or choking on vomit. Even if a person appears to be “sleeping it off,” they may still have alcohol or drugs in their system that may still present a danger.

The health and safety of the NDNU community is our top priority. NDNU is committed to our Emergency Preparedness Program.

While it is inevitable that natural or human-caused events will negatively affect us in our homes, schools, and businesses, careful planning and preparation can reduce or minimize the impact of such incidents. Whether we experience an earthquake, wildfire, power outage, or other emergency, each of us can take steps now that can help us successfully overcome the crisis.

During an emergency that impacts the NDNU campus, the senior leadership will take immediate actions to minimize injury, loss of life, and property damage. NDNU works in close coordination with local, county, and state emergency services personnel. The NDNU Emergency Response Guide can be found online [here](#).

Policy Statement on Fire Safety

It is the policy of NDNU to provide students, staff, faculty, and visitors with the safest possible environment, free from potential fire hazards. The primary goal of the University's Fire Prevention Program is to recognize hazardous conditions and take appropriate action before such conditions result in a fire emergency. This goal is accomplished by conducting periodic safety inspections of all university leased buildings.

The CBRE will coordinate with the Belmont Police and Belmont Fire Department to investigate any fire incident.

To minimize the potential for fires at NDNU, the University's policy is to always prohibit open burning and the use of combustible decorations. Open burning, defined by the university, is an open/exposed flame or combustion that produces heat, light, or smoke and can potentially cause a fire. Examples of open burning are but are not limited to, candles, incense, bonfires, campfires, barbecue grills (except for those permanently installed and portables at least 50 feet from any building), and their related accessories such as gasoline, propane, lighter fluid, charcoal, and pyrotechnics.

All decorations and ornaments must be of fire-resistant or non-combustible material, U.L. rated, and approved for use. They shall not be hung or posted on any fire protection equipment (fire hose cabinets, fire extinguishers, sprinkler heads and piping, smoke detectors, fire alarm pull boxes, etc.), on or near exits, on or near emergency lights, on or near any other protective or operating features provided by the University, or in any manner that could present a fall or trip hazard or impede egress. Removal of all decorations, ornaments, and displays is required immediately after the event. Decorative lights, including holiday lights, floodlights, extension cords, and electrically operated ornaments, must be U.L.-rated and approved for use.

Electric lights or electrically operated ornaments shall not be used on metal, aluminum, or any other similar metal which could induce electric shock. Only heavy-duty extension cords and decorative lights in good condition (free from damage or exposed wiring) shall be used for decorations. These must be unplugged at the end of each day and removed after the event or holiday season. They shall not be hung or posted on any fire protection equipment (fire hose cabinets, fire extinguishers, sprinkler heads and piping, smoke detectors, fire alarm pull boxes, etc.), on or near exits, on or near exit or emergency lights, on or near any other protective or operating feature provided by the University, or in any manner that would present a fall or trip hazard or that would impede egress. Extension cords or decorating lights may not be routed under rugs or carpets, through doorways, or in any manner that could present a fall or trip hazard or impede egress. The university's policy is that only artificial holiday trees will be used and should be of fire-retardant or non-combustible material. Indoor trees must be placed out of the way of traffic. They must not block doorways, exits, exit signs, or any of the fire protection equipment (fire hose cabinets, fire extinguishers, sprinkler heads, piping, fire alarm pull boxes, smoke detectors, etc.) or be placed in any manner that could present a fall or trip hazard or impede egress.

Holiday tree lights must be unplugged at the end of each day and removed after the event or holiday season. Artificial snow and other decorative sprays should be cautiously used; they shall not be used in laboratory and clinical settings. Avoid spraying around exits, exit signs, or fire protection equipment (fire hose cabinets, fire extinguishers, sprinkler heads, piping, fire alarm pull boxes, smoke detectors, etc.).

NDNU Fire Safety Guidelines EMERGENCY EXITS

Do not prop open, hold open, or obstruct designated fire doors.

Do not lock or otherwise close a fire door or exit door to prevent or impede exit. Remove all obstructions from emergency exits and corridors.
Report blocked or locked fire exits to Public Safety and Facilities.

Do not obstruct fire alarm boxes, fire hoses, fire standpipes, fire extinguishers, fire sprinkler heads, fire/ smoke detectors, or any other fire protection equipment. NOTE: Each sprinkler head must have a minimum of 18 inches of clearance
