

Preliminary General Education Single Subject Teaching Performance Expectations: Part 1 and Part 2

Teaching Performance Expectations: Part 1 – General TPEs

Assessment of TPEs during student/Intern Teaching Fieldwork placement: Candidates are evaluated on the TPEs at mid-term and end of semester during each of the 2 semesters they are enrolled in EDU 4442 ST/Intern Teaching 1 and EDU 4445 ST/Intern Teaching 2. This evaluation takes place in a 3-way conference including the candidates, university supervisor, and cooperating teacher/intern district support provider. The 3 review the TPEs using the Evaluation of Candidate (see link below) on each of the TPEs and identify where the candidates I in Beginning, Emerging or Apply the TPEs. Candidates are expected, by the end of their final semester, to reach the stage of applying the majority of the TPEs with the remainder identified as Emerging. The link is provided to the Evaluation of Candidate form so it can be reviewed as a whole rather than linking it to every TPE in the matrix.

Course Description

This course is designed to provide educators with an introduction to the sociological and multicultural foundations of the American educational system. We will examine the role of schools in the development of identity as well as the reproduction of systems of privilege and oppression. We will examine economic, political, social and cultural factors at play in society and their effects on the classroom. Using these new understandings, we will examine our own professional practice and ways to work more equitably from within our own contexts and classrooms.

Learning Outcomes

Goals for the instructor and students are:

Learning Outcome	Universal TPEs	MM TPEs	ESN TPEs

Course Evaluations/Teaching Effectiveness Surveys

- Teaching Effectiveness Surveys (course evaluations) will be available online through Campus Portal. Your feedback regarding courses and faculty is very important to Notre Dame de Namur University, to your faculty, and to me as the instructor for this course. Your feedback helps us review and improve their teaching, helps departments/programs review and improve program content, and is used by the university in making decisions about tenure, promotion, and hiring decisions for part-time faculty.

Directions

- To access, please enable pop-ups in your browser (uncheck pop-up blocker), then in Campus Portal look for the "***You have an active survey***" link in the left sidebar. Click that link to open the Course Evaluation Surveys page, which has a link to a survey for each course in which you're enrolled. Your feedback is very important! Please complete your evaluations for all your courses promptly. Remember: Your responses are anonymous.

NDNU Hallmarks

Hallmarks are the essential **characteristics, values** and **activities** of a Notre Dame learning community. Hallmarks two through seven will be addressed in this course:

- We honor the dignity and sacredness of each person.*** Through developing working relationships with the students we serve, we will honor each student's personhood as we support them in the learning process.

- ***We educate for and act on behalf of justice and peace in the world.*** Through creating lesson plans imbued with subject matter content and multicultural theory, we are ensuring that every student has equity and access to a supportive educational experience.
- ***We commit ourselves to community service.*** By engaging with students in our local community through education, we are committed to community service.
- ***We embrace the gift of diversity.*** We embrace the opportunity to teach students from pluralistic backgrounds in a diverse schools and neighborhood communities. By engaging in a diversity experience, we will connect key course learnings to ideas, beliefs, traditions, or cultural artifacts that are different from our own.
- ***We create community among those with whom we work and with those we serve.*** We work collaboratively with pre-service teaching colleagues, master teachers, professors and students by creating a caring learning community where each person is valued.
- ***We develop holistic learning communities which educate for life.*** Teaching students subject matter content and building our own pedagogical knowledge strengthen our professional teaching relationships.

Communication

Instructor will send regular messages to students in this course through NDNU student email accounts. Students must regularly check their student email account for important information about class meetings and assignments. Issues with NDNU email accounts should be directed to OIT at 508-3555.

CalTPA Connection

In order for our students to have best possible preparation for successful submission of their CalTPA, each course in the NDNU credential program will provide a connection to this TPA requirement. We encourage students to integrate the assignments given to

them by their course instructors as part of their overall CalTPA portfolio. For this course, the following assignments are used to help with the CalTPA portfolio:

Course Assignment:	Found in CalTPA Candidate Handbook:
Multicultural Lesson Plan	CYCLE 1, Step 1, Getting to Know Your Students, Lesson Plan Rationale & Focus Students
Diversity Experience	CYCLE 1, Step 1, Lesson Plan Rationale

Average Student Workload Expectations

Typically, a 3-unit graduate course entails 180 hours of student engagement over the semester, or 3 hours of in-class time and roughly 9 hours of outside-class time per week for a 15-week course. Course assignments are made in accordance with this expectation.

Average Workload Distribution:	Hours in Class:	40
	Readings:	80
	Collaboration	5
	Assignments:	<u>56</u>
	Total Hours	180

Academic Success Center (ASC)

The ASC is your one-stop learning hub for in-person and remote support services, including personalized writing tutoring for all NDNU writing assignments as well as job materials, interactive workshops to equip you with the tools to achieve academic and professional success, and 24/7 on-demand subject-specific tutoring through TurorMe. Additionally, the ASC Canvas site offers resources to help you save time and avoid stress. Access the ASC Canvas site to see all of the resources available, to contact us or to schedule an appointment. Have a question? *Just ASC!*

Students with Academic Challenges—Disability Resource Center (DRC)

If you have a learning disability or other circumstance that requires accommodations in this class, you must bring it to the attention of Disability Services to arrange for possible accommodations. The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities (e.g. mental health, attentional, learning, chronic health, sensory, or physical) be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an

accommodation, please contact the Disability Resource Center (DRC) as soon as possible. Accommodations are not provided retroactively. Please contact the Disability Resource Center by email at DRC@ndnu.edu or by phone at 650-508-3670.

COVID-19

NDNU requires employees and students working or learning on campus to be fully vaccinated. Employees and students may apply for an exemption based on medical reasons, disability, or firmly held religious belief. If you test positive, please contact your instructor(s) immediately and do not attend in-person classes until testing negative.

Course Requirements

Privacy, Confidentiality & Behavior

The themes and discussion in this course require a high level of engagement, professionalism, respect and discretion. Due to the sensitive nature of the work, and the fact that participants must make personal and professional connections in order to participate meaningfully, it is important that students maintain the privacy of those with whom they interact outside of our classroom as well as those within our classroom. So do not share someone else's business.

Also please be mindful that everyone is at a different point in her or his journey. All of us must listen respectfully, speak truthfully, expect and embrace discomfort, and be mindful of the feelings of others. Open dialogue is critical to the work we will do in this class, and this requires a high level of engagement with and awareness of others.

This class requires a high level of engagement and participation therefore students must participate constructively and actively in all class discussions and activities. Regarding electronic devices (such as laptops, cell phones, etc.), please be respectful of your peers and your instructors and do not engage in activities that are unrelated to class. Such disruptions show a lack of professionalism and will negatively impact your participation grade.

Academic Honesty

Students are expected to uphold all standards of academic honesty. Cheating, plagiarism, false citations, and the submission of false data are all inexcusable at the graduate level and seriously undermine academic scholarship as a whole.

Attendance

Attendance at each class is mandatory and each absence will result in a drop in your grade, regardless of the reason. If you must miss a class due to emergency, please notify me as soon as possible and bring the make-up assignment to the following meeting. Non-attendance does not excuse you from the timely submission of assignments. Late work will not be accepted. Regardless of the reason, if you miss a class, you must ***submit a 5-page double-spaced summary and analysis of the readings for the week***. If you already know you will have to miss classes, please reconsider taking this class this semester. No passing grade can be assigned if you miss three or more sessions of the class, regardless of the reason for the absence.

Assignments & Grading

Technical Considerations

All papers must be typed, double spaced, 12-point Times New Roman font with 1-inch margins. All citations, whether in-text or in a reference list, must follow APA guidelines. For tips about APA formatting visit <http://owl.english.purdue.edu/owl/resource/560/02/> . Late assignments will not be accepted.

Attendance & Participation *100 points*

You are expected to engage in critical discussion in the classroom. There will be opportunities for whole class and small group participation, but complete silence is not acceptable. We all benefit from hearing multiple voices and viewpoints, and verbal participation is a part of how I will be checking for understanding. If you do not speak during class you will not like your participation grade. (See detailed behavior guidelines above.)

Reading Reflections/Case Study Questions *20 points each*

(U1.1, 1.3, 1.4, 1.5, 1.6, 2.1, 2.3, 2.2, 3.1, 3.2, 4.4, 5.1, 5.2, 5.5, 6.1, 6.2, 6.3, 6.4, 6.7 IP)

(M1.2, 1.4, 2.4, 2.1, 2.10, 5.1 IP)

(E 1.4, 1.7, 2.5, 3.1, 3.2, 3.3, 5.2, 6.4 IP)

On each of the dates noted below, students will write a 1-2 page single-spaced paper. Each paper should include a personal connection to the readings along with how that connection might apply to the classroom. Feel free to use a quote from the reading as your starting point for talking back to the text. Please delve deeply and include specific details both about your own life and experience and those of your students. Reflections should be regarding the chapters from Ozlem & Sensoy or other readings posted on Google Classroom, but not the case studies. For each case study that is assigned, please write 2 questions for discussion that will help us to discuss the case in class. (Examples will be posted on Google Classroom.)

Lesson Plan *190 points*

(U1.1, 1.4, 1.6, 2.2, 2.3, 2.4, 3.1, 3.2, 3.3, 3.5, 3.6, 4.3, 4.4, 4.6, 4.7, 5.1, 5.2, 5.3, 5.8, 6.1 IPA)

(M 1.2, 1.4, 1.6, 1.7, 2.1, 2.4, 2.8, 2.10, 3.1, 5.1, 5.5 IPA)

(E 1.4, 1.7, 1.9, 2.4, 2.5, 3.2, 3.3, 3.4, 5.2 IPA)

For this assignment, students will *create* and *write* a lesson plan that integrates information relevant to the themes of this course. Students should choose a topic of interest that you might actually teach in your upcoming career. The point of this assignment is to develop a practical lesson that will be useful in the future and will also utilize culturally sustaining pedagogy in the service of students and which aligns with the aims of multicultural education in an increasingly diverse and global world. Specifically it should align to key principles of the class including UDL, funds of knowledge, community/cultural wealth, and/or asset based teaching. Students should thoroughly address all areas of the NDNU lesson plan template. Each paper should include a 2-3 page reflection connecting the lesson to the themes and research from the course including citations of specific articles in APA format. (Examples will be provided in class.)

(E 1.4, 1.7, 1.9, 2.4, 3.1, 5.2, 6.2 IPA)

For this assignment, you will work in pairs or small groups. The purpose of this assignment is two-fold: (1) to place you in a setting or experience that is outside your typical daily or weekly activities, and (2) to integrate that experience into your teaching practice. You should be exposed to ideas, beliefs, traditions, or cultural artifacts that are different from your own. The actual experience should last at least two hours, not including travel. You may choose from many experiences including museums, conferences, festivals, events, worship services, and meetings. The experience should enable you to encounter information about diverse groups. Keep in mind that we are defining “diverse” as including race, culture, language, socioeconomic status, exceptionalities, gender, sexual orientation, gender identity and/or religion from historically underrepresented groups. This project culminates with a presentation to the class including a question and answer period as well as a paper detailing how each group member would integrate their new learning into the classroom. In the past, students have visited the Museum of the African Diaspora in S.F., attended a play about race and identity, visited a Japanese internment site, gone to the LGBTQ museum in S.F., attended the indigenous “Unthanksgiving” ceremony on Alcatraz, etc.

Course Description

This course focuses on English language development (ELD) and strategies for English learners (EL) to develop academic language, comprehension, and knowledge in the subjects of the core curriculum. ELD standards are introduced and discussed. Candidates learn the philosophy, design, goals and characteristics of school-based organizational structures designed to meet the needs of English learners, and strategies for teaching English language development (ELD) and specially designed academic instruction in English (SDAIE). They learn about state and federal legal requirements for the placement and instruction of English learners. Theories and models of dual language development as well as psychological, sociocultural, political, and pedagogical factors that affect first and second language acquisition and development are explored in this course. This includes phonology, morphology, syntax and semantics with special focus on phonemic awareness, spelling patterns, morphemes and vocabulary. Students will learn about early intervention techniques for support, scaffolding and differentiation, formative and summative assessments including development and implementation. Teacher candidates will develop lessons that support ELD and gain practical experience with EL students in the field working with a non-profit literacy program that requires ongoing assessment and support in both fluency and comprehension in the areas of reading, writing, speaking and listening with literacy as the primary area of focus.

Grading

Final grades are calculated using total points earned out of total points possible.

Passing	Grades B- and higher	
A+ 100%	A 95 - 99.99%	A- 94 - 90%
B+ 89 - 87%	B 87 - 84%	
Not Passing	Any grade below B	B- 83 - 80%
C+ 79 - 77%	C 76 - 73%	C- 72 - 70%
D+ 69 - 67%	D 66 - 63%	D- 62 - 60%
F 59% and below

Average Student Workload Expectations

Typically, a 3-unit graduate course entails 180 hours of student engagement over the semester, or 3 hours of in-class time and roughly 9 hours of outside-class time per week for a 15-week course. Course assignments are made in accordance with this expectation.

Workload Distribution:	Hours in Class:	42
	Readings:	50
	Community Engagement:	20
	Assignments:	60
	<u>Group Collaboration:</u>	<u>8</u>
	Total Hours	180

Required Reading

4. Select reading assignments will be handed out in class.

CalTPA Connection. In order for our students to have best possible preparation for successful submission of their CalTPA, each course in the NDNU credential program will provide a connection to this TPA requirement. We encourage students to integrate the assignments given to them by their course instructors as part of their overall CalTPA portfolio. For this course, the following assignments are used to integrate into the CalTPA portfolio:

Course Assignment:	Found in CalTPA Candidate Handbook:
SDAIE Lesson	CYCLE 1, Step 1, "Lesson Plan & Rationale"
ESA Final Paper	CYCLE 1, Step 1 "Getting to Know Your Students Assets and Needs, Lesson Plan

Academic Honesty and Plagiarism

Academic honesty is a cornerstone of our values at NDNU. If any words or ideas used in an assignment submission do not represent your original words or ideas, you must cite all relevant sources and make clear the extent to which such sources were used. Words or ideas that

require citation include, but are not limited to, all hard copy or electronic publications, whether copyrighted or not, and all verbal or visual communication when the content of such communication clearly originates from an identifiable source. Please consult the NDNU Student Handbook for consequences related to plagiarism.

Academic Success Center (ASC)

The ASC is your one-stop learning hub for in-person and remote support services, including personalized writing tutoring for all NDNU writing assignments as well as job materials, interactive workshops to equip you with the tools to achieve academic and professional success, and 24/7 on-demand subject-specific tutoring through TurorMe. Additionally, the ASC Canvas site offers resources to help you save time and avoid stress. Access the ASC Canvas site to see all of the resources available, to contact us or to schedule an appointment. Have a question?

Just ASC!

Students with Academic Challenges—Disability Resource Center

If you have a learning disability or other circumstance that requires accommodations in this class, you must bring it to the attention of Disability Services to arrange for possible accommodations. The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities (e.g. mental health, attentional, learning, chronic health, sensory, or physical) be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please contact the Disability Resource Center (DRC) as soon as possible. Accommodations are not provided retroactively. Please contact The Disability Resource Center by email at DRC@ndnu.edu or by phone at 650-508-3670.

Library

The Gellert Library is here to support your research needs. Students can use the online catalog to find academic journal articles, ebooks, and print books available through curbside pickup, as well as streaming films and popular newspapers such as The New York Times and The Wall Street Journal. The library website hosts a number of guides that can help with your research and learning how to use the library and its resources. For more personalized help, students can meet one-on-one with a librarian via Zoom. To connect with a librarian please contact library@ndnu.edu or schedule an appointment on the library homepage.

COVID-19

NDNU requires employees and students working or learning on campus to be fully vaccinated. Employees and students may apply for an exemption based on medical reasons, disability, or firmly held religious belief. If you test positive, please contact your instructor(s) immediately and do not attend in-person classes until testing negative.

Course Evaluations/Teaching Effectiveness Surveys:

Teaching Effectiveness Surveys (course evaluations) will be available online through Campus Portal. Your feedback regarding courses and faculty is very important to Notre Dame de Namur University, to your faculty, and to me as the instructor for this course. Your feedback helps us review and improve their teaching, helps departments/programs review and improve program content, and is used by the university in making decisions about tenure, promotion, and hiring decisions for part-time faculty.

Directions:

To access, please enable pop-ups in your browser (uncheck pop-up blocker), then in Campus Portal look for the "***You have an active survey***" link in the left sidebar. Click that link to open the Course Evaluation Surveys page, which has a link to a survey for each course in which you're enrolled. Your feedback is very important! Please complete your evaluations for all your courses promptly. Remember: Your responses are anonymous.

NDNU's Mission Statement & Hallmarks

Founded upon the values of the Sisters of Notre Dame de Namur and rooted in the Catholic tradition, Notre Dame de Namur University serves its students and the community by providing excellent professional and liberal arts programs in which community engagement and the values of social justice and global peace are integral to the learning experience. NDNU is a diverse and inclusive learning community that challenges each member to consciously apply values and ethics in his or her personal, professional, and public life.

The hallmarks of the NDNU community are:

1. We proclaim by our lives even more than by our words that God is good.
2. *We honor the dignity and sacredness of each person.*
3. We educate for and *act on behalf of justice and peace* in the world.
4. *We commit ourselves to community service.*
5. *We embrace the gift of diversity.*
6. *We create community among those with whom we work and with those we serve.*
7. We develop holistic learning communities which *educate for life.*

This course's content reflects a commitment to these hallmarks and this mission.

Course Requirements

1. Class attendance and participation 50 points

You are required to attend all class sessions, participate in both small group and whole class discussions, and learn from your peers. All class papers and projects must be completed **on time**. You are also required to read all assigned readings before coming to class and be prepared to use what you have read in class.

Each absence will result in a drop in your grade, regardless of the reason, therefore if you already know you will have to miss a class, please reconsider taking this class this semester. No passing grade can be assigned if you miss three or more sessions of the class, regardless of the reason for the absence. Please inform the instructor in advance if you will need to miss class and bring the make-up assignment to the following meeting. ***The make-up assignment is a 3-5 page typed reflection*** on the readings for the week. If you will be missing a class without assigned reading, reflect on the reading from the previous class.

Everyone must participate in a respectful, professional and mindful manner throughout the semester, whether in class or at your tutoring assignment. During class, please refrain from using the internet, checking emails, texting or writing and/or grading papers or doing other activities unrelated to class. This is disrespectful to the instructor and peers, shows a lack of professionalism, and is not something you would allow your own students to do. It is your responsibility to contribute meaningfully during class whether in whole class or small groups. Refusal to follow above participation guidelines will result in grading penalties, as I would not have adequate knowledge of your understanding without continuous, focused and appropriate participation. While I understand that not everyone relishes the task of speaking during whole class discussions, please remember that you are hoping to become a teacher, and therefore speaking in front of groups will be required of you in your professional work. In addition, each person in this class has valuable insight and experience to bring to our work, and lack of participation denies the rest of the class important information that might help us all to become better teachers. This also applies to turning off your video or posting an emoji or static picture of yourself if on zoom. For this class, you will need to leave your video on when on zoom, and if you need to momentarily step out of frame for a glass of water for example, that is fine, but it should be a short break. No recordings of online classes is allowed, so please take notes. If you require the support of video recordings due to a diagnosed exceptionality, please contact the DRC (see above.)

2. 3-2-1 Discussions 50 points

(U1.1, 1.3, 1.4, 1.5, 1.6, 2.1, 2.2, 2.3, 3.1, 3.2, 3.5, 4.3, 4.4, 4.6, 4.7, 5.1, 5.2, 5.5, 5.8, 6.1, 6.2, 6.3, 6.4, 6.7 IP)

(M 1.2, 1.4, 2.4, 2.1, 2.10, 5.1, 5.5 IP)

(E 1.4, 1.7, 2.5, 3.1, 3.3, 5.2, 6.4 IP)

Students will complete this assignment based on the weekly required reading. Papers must be typed, single spaced, in 12-point font with standard margins. They should include 3 discussion questions, 2 quotes from the reading, and 1 personal connection based on the readings. Quotes should include page numbers at the end and can be about anything that you find meaningful or important in the text. Personal connections should be about one paragraph long and connect the reading to the real world or your classroom practice. You may write as many clarifying questions as you like, but at least 2 questions must be critical thinking questions that are likely to lead to good discussions. We will be using these to drive discussions during class, so please keep that in mind and avoid questions with simple answers. (Examples will be posted on Google Classroom.)

3. Fieldwork Practice & Reflection (Tutoring) 100 points

(U 1.1, 1.6, 2.1, 2.2, 2.3, 2.4, 3.2, 4.6, 5.2, 5.8, 6.1, 6.2, 6.3, 6.4 IPA)

(M1.7, 2.1, 2.4, 2.8, 2.10, 3.1, 5.1, 5.5 IPA) (E 1.4, 1.7, 1.9, 2.4, 2.5, 3.1, 5.2, 6.2 IPA)

In order to provide students with actual experience working with EL students, candidates will work for 20 hours over the course of the semester with an afterschool program with a high percentage of EL students enrolled. The purpose of this assignment is to provide students with practical experience working with EL students in partnership with their families. It is also in keeping with the TPEs and NDNU's mission and hallmarks regarding taking action in service of social justice and building community.

There are different options available to students to fulfill this requirement which will be discussed by the instructor. If students are already connected to a similar program, service there may satisfy course requirements but students will need to arrange this with the instructor by the second class meeting. Students who are unable to fulfill this requirement must make alternate arrangements with the instructor by the second class meeting. However, students are strongly advised to fulfill this requirement using the tutoring option provided by the instructor.

Attendance at these sessions is mandatory as students will not get tutoring help if NDNU students fail to report to their tutoring assignments. While illness is an excused absence, it will mean that those hours will need to be made up on a different day and time, so do not sign up for tutoring on days you might not be able to make it. Students will also participate in focused discussions throughout the semester reflecting on their experiences with tutoring.

4. SDAIE lesson presentation 100 points 45 minutes per group

(U 1.1, 1.4, 1.6, 2.1, 2.2, 2.3, 2.4, 3.2, 3.3, 3.5, 3.6, 4.4, 4.3, 4.6, 4.7, 5.1, 5.2, 5.3, 5.8, 6.1 IPA)

(M 1.2, 1.4, 1.6, 1.7, 2.1, 2.4, 2.8, 2.10, 3.1, 5.1, 5.5 IPA)

(E1.4, 1.7, 1.9, 2.4, 2.5, 3.2, 3.3, 3.4, 5.2 IPA)

In this class, participation in discussion, sharing information, and learning from each other are very important. You are expected to work within a small group, design and teach a SDAIE lesson in a content area for a specific grade level using different strategies in the class as a group. Lesson objectives must be tied to standards. In your group, you are also required to prepare one lesson plan using the NDNU lesson plan template, to be turned in to the instructor on the day of your presentation. In education we frequently are required to work with people we might not choose, and we have to find a way to collaborate effectively. There is one grade for each group, with exceptions for any cases where someone has not adequately contributed to the project (hopefully this will not happen!). If there are problems that are insurmountable, this should be discussed with the instructor *well in advance* of the final presentation day so that adjustments can be made if necessary.

This paper supports your CalTPA work in:

<ul style="list-style-type: none"> • Knowledge of pedagogical theories, principles, and instructional practices for advancing English language development (TPE 7) 	<ul style="list-style-type: none"> • Planning: identifying California students' experiential backgrounds, assets and learning needs
<ul style="list-style-type: none"> • Ability to analyze a student's specific EL learning needs (TPE 7) 	<ul style="list-style-type: none"> • Focus Students: designing specific teaching strategies to meet student needs
<ul style="list-style-type: none"> • Ability to plan differentiated instruction to meet those needs (TPE 9) 	<ul style="list-style-type: none"> • Academic Language: analysis of students' assets and needs in both receptive and expressive academic language.

You will be writing a SDAIE lesson plan for an entire class that will include a separate section with multiple individual supports for a specific English Learners who need extra support. You will need to include differentiation for at least one emerging student (beginning), one expanding student (intermediate), and one bridging student (advanced) or groups of students in each of the same three levels. The lesson plan template will be provided in class. You should include accommodations

for IEP and 504 students when appropriate, but since this class is about supporting English Learners, there should be strong evidence of support for these students.

(Describe different supports/adaptations for a beginning (emerging), intermediate (expanding) and advanced (bridging) English Learner. Explain the multiple ways you will adapt the lesson activities in both instruction and assessment that is targeted for each student. There should be several different examples of things you would do differently for only these 3 students, not supports for the whole class. In this class, participation in discussion, sharing information, and learning from each other are very important. You are expected to work within a small group, design and teach a SDAIE lesson in a content area for a specific grade level using different strategies in the class as a group. Lesson objectives must be tied to standards. As a group, you are also required to prepare one lesson plan using the NDNU lesson plan template, to be turned in to the instructor on the day of your presentation. In education we frequently are required to work with people we might not choose, and we have to find a way to collaborate effectively. There is one grade for each group, with exceptions for any cases where someone has not adequately contributed to the project (hopefully this will not happen!). If there are problems that are insurmountable, this should be discussed with the instructor *well in advance* of the final presentation day so that adjustments can be made if necessary.

Catalog Course Description: This course introduces students to the concept of health promotion through school health education. Current information, health education resources and teaching strategies will be introduced, applied and discussed. This course fulfills the California Teacher Credential Health requirement. *This course does NOT include CPR/First Aid training and certification.*

Learning Outcomes:

<u>Health Awareness</u> - Provide a review of the most common health issues of children and adolescents so that teachers may help students effectively deal with these health problems and understand how they might effect the student experience and classroom environment.	TPE1, TPE2, TPE4, TPE6
---	---------------------------

<u>Student Wellness</u> - Provide the rising teacher with an understanding of his/her responsibilities regarding health services: observation, referral, follow-up, community resources, etc. in order to create a safe and healthy classroom community for all.	TPE2, TPE6
<u>Self-care</u> - Assist participants in examining their personal values and those of their students in relation to health attitudes and content with a goal of creating a self-care plan to enable them to thrive as teachers and sustain themselves in this rewarding career.	TPE2, TPE 4, TPE6
Aligned with the Universal Teaching Performance Expectations (TPE)	

NDNU Hallmarks: Two of the Hallmarks of NDNU which are especially prevalent throughout this course are

- We honor the dignity and sacredness of each person.
- We create community among those with whom we work and with those we serve.

Required Textbooks/Readings/Links: All course materials will be provided through our Google Classroom.

Course Requirements: Throughout the course, students will be expected to complete all assignments shared through our Google Classroom. Due dates will be listed there.

CalTPA Connection: In order for our students to have the best possible preparation for successful submission of their CalTPA, each course in the NDNU credential program will provide a connection to this TPA requirement. We encourage students to integrate the assignments given to them by their course instructors as part of their overall CalTPA portfolio. CalTPA Cycle 1, Steps 1 & 2 are integrated in this course.

Attendance: Students are required to attend ALL scheduled class meetings per the schedule (2 in-person and 2 online). A student's attendance at school functions where the student is a student teacher, intern, or teacher of record may be excused with prior notification/approval from the instructor. Absences may also be excused for illness, last minute emergencies,

bereavement, etc. but student must communicate and make arrangements with the instructor. Please note that for an excused absence, the student may receive credit for attendance but will need to turn in assignments due at that class and make up missed in-class activities.

Participation: Active participation is defined as sharing questions, concerns, constructive feedback, support, ideas, and resources. Active participation is being attentive, self-motivated, respectful, independent, responsible, and flexible. And you will complete all assignments listed in the syllabus (and in our Google Classroom) for the class date each is due. Attendance alone does not constitute participation.

Student Workload Expectations: To meet the goals of this course, this 1-unit course, delivered over a 6-week period, will approximate **45 hours of engagement**. This will occur in a **blended format** (in person, live online and asynchronously online):

Intro	Part 1	Part 2	Part 3	Part 4	Part 5	Part 6
2.5 hrs live class on InSpace	13 hrs online work	2.5 hrs in-person on NDNU campus	13 hrs online work	2.5 hrs live class on InSpace	9 hrs online work	2.5 hrs in-person on NDNU campus

Cell phone/Computer use: As a courtesy to the instructor and your fellow students, please turn off cell phones and other electronic devices during our live classes. If there is a reason to have your cell phone on, please put it on vibrate. While you are welcome to bring your computer/tablet to our in-person classes, most of what we will do will be active participation that will not necessitate a computer.

Course Evaluation:

- a. Live Classes - attend entirety of ALL 4 live sessions, be punctual and fully participate
- b. Completion of ALL out-of-class assignments, including posts & replies to the discussion questions in Google Classroom by the DEADLINES listed in the course (or within 1-2 days, only IF communicated to and approved by the instructor)
 - i. students who, during the first two weeks, save all/most of the asynchronous work until the last day or two before the next live session will be unable to pass this class and will receive an email letting them know they should withdraw

- ii. extensions will be considered for extenuating circumstances, but must be approved by the instructor two or more days before each due date

Teaching Effectiveness Surveys: Surveys (course evaluations) will be available online through the Campus Portal **2 weeks prior to the end of the semester and will close the Wednesday following the end of the term.** Your feedback regarding courses and faculty is especially important to NDNU, to your faculty, and to me as the instructor for this course. Your feedback helps us review and improve our teaching, helps the department and program improve program content, and is used by the university in making decisions about tenure, promotion, and hiring for faculty.

Directions: To access, please enable pop-ups in your browser (uncheck pop-up blocker), then in Campus Portal look for the “**You have an active survey**” link in the left sidebar. Click that link to open the Course Evaluation Surveys page, which has a link to a survey for each course in which you are enrolled. Your feedback is particularly important! Please complete your evaluations for all your courses promptly. **Remember:** Your responses are anonymous and are not available to faculty until after course grades are posted.

NDNU SERVICES

Academic Integrity

NDNU's core values include learning and integrity; values we live out in all areas of our learning community. Academic integrity means you are able to demonstrate your own knowledge and skills and receive feedback on your learning that can help you improve. If any words or ideas used in an assignment submission do not represent your original words or ideas, you must cite all relevant sources and make clear the extent to which such sources were used. Words or ideas that require citation include, but are

not limited to, all hard copy or electronic publications, whether copyrighted or not, and all verbal or visual communication when the content of such communication clearly originates from an identifiable source. By taking responsibility for your own work and avoiding actions that could give you an unfair advantage over others, you are contributing to the NDNU learning community and developing professional skills and values that will serve you well into the future. Academic integrity is one of the most important values of a university community, and breaches of this trust have serious consequences. Please see the [Student Handbook](#) for a detailed discussion of Academic Conduct expectations.

Academic Success Center (ASC)

The ASC is your one-stop learning hub for in-person and remote support services, including personalized writing tutoring for all NDNU writing assignments as well as job materials, interactive workshops to equip you with the tools to achieve academic and professional success, and 24/7 on-demand course-specific tutoring through TutorMe. Additionally, the ASC Canvas site offers resources to help you save time and avoid stress. Access the [ASC site in Canvas](#) to see all the resources available, to contact us, or to schedule an appointment. Have a question? *Just ASC!*

Disability Resource Center (DRC)

Students with disabilities, whether physical, learning, or psychological, who believe that they may need accommodations in this class are encouraged to contact the [Disability Resource Center](#) as soon as possible to ensure that such accommodations are implemented in a timely fashion. Students who are experiencing conditions that are temporarily disabling (*i.e., scheduled surgeries, hospitalizations, injuries, etc.*) are strongly encouraged to contact the DRC. Our desire is to assist you with managing the impact of these circumstances. Please meet with the DRC staff through a virtual meeting in order to verify your eligibility for any classroom accommodations, and for academic assistance related to your disability. Accommodations are not provided retroactively. The DRC can be reached by email at DRC@ndnu.edu.

Library

The Gellert Library is here to support your research needs. Students can use the online catalog to find academic journal articles, ebooks, and print books available through curbside pickup, as well as streaming films and popular newspapers such as The New York Times and The Wall Street Journal. The library website hosts a number of guides that can help with your research and learning how to use the library and its resources. For more personalized help, students can meet one-on-one with a librarian via Zoom. To connect with a librarian please contact library@ndnu.edu or schedule an appointment on the library [homepage](#).

COVID-19

NDNU requires employees and students working or learning on campus to be fully vaccinated [<https://www.ndnu.edu/resources/covid-19-info/>]. Employees and students may apply for an exemption based on medical reasons, disability, or firmly held religious belief. If you test positive, please contact HR (hr@ndnu.edu).

Email Communications

In accordance with the Family Education Rights and Privacy Act (FERPA) your instructors and the university will only send messages to students through your NDNU student email account, once that account has been established. Students must regularly check their student email account for important information from the university as well as information about class meetings and assignments. Issues with NDNU email accounts should be directed to the OIT Help Desk at helpdesk@ndnu.edu or (650) 508-3555.

Netiquette

All students are responsible for conducting themselves in all class communication modalities for the course (e.g., email, chat groups, blog posts, discussion forums, text messages, etc.) in a manner that facilitates the productive, respectful, and thoughtful exchange of ideas. You are encouraged to comment, question, or critique an idea but never to attack an individual. While varied perspectives and disagreements are encouraged, they should be rooted in fact or experience and never in bias. Be cognizant of cultural and linguistic backgrounds as well as different political and religious beliefs. All opinions and experiences, no matter how different or controversial they may be perceived, must be respected in the tolerant spirit of academic discourse. The standard for how you conduct yourself online should be one of promoting a safe, engaging, respectful, and collaborative environment where diversity of opinion is valued.

NDNU Hallmarks of Learning and Core Values

We commit ourselves to be active members of the NDNU by modeling NDNU's Core Values and the Hallmarks of a NDNU Learning Community.

Course Description:

Educational psychology is an interdisciplinary subject that incorporates human development, learning strategies, intelligence, motivation, measurement, and classroom management. An emphasis is placed upon developing a consistent theory and philosophy (personal) based upon the preponderance of current research including, but not limited to such areas as brain-based learning, multiculturalism, gender, and socioeconomic status.

Educational Psychology 4100 is a foundation (overview) course; therefore, all the pedagogical teaching competencies in document SB 2042 and SB 1209 and identified as the Teaching Performance Assessment (TPA) are addressed. **In addition, CTC Program Standards addressing the preparation to teach English learners are also included (TPE 7).** Concepts critical to topics covered in the state-required Performance Assessment for California Teachers assignment are also incorporated.

NDNU has several major institutional outcomes: written communication; oral communication; information literacy; critical thinking; and NDNU mission-commitment alignment (community engagement, social justice, and global peace). Social Equity and

Fairness will be addressed throughout, as Standard 1 of the CSTP is clear about “Engaging and Supporting ALL Students in Learning and Standard 4 – “Planning Instruction and Designing learning Experiences for All Students.”

Students will read and discuss, to get an overview/understanding of the California Standards for the Teaching Profession (CSTP) and the California Teaching Expectations (TPE). This should help support the preparation for the CALTPA – California Teaching Professional Assessment.

Required Texts:

Salvin, Robert E. *Educational Psychology: Theory and Practice (eleventh edition)*. John Hopkins University: Pearson, 2015.
(This text will provide the foundational understandings of the course.)

Posey, Allison (2019), *ENGAGE THE BRAIN: How to Design for Learning That Taps into the Power of Emotion*. ASCD, Alexandria, VA.
(This text explains UDL – Universal Design for Learning)

Kallick, Bena & Zmuda, Allison (2017), *STUDENTS AT THE CENTER: Personalized Learning with Habits of Mind*. ASCD, Alexandria, VA.
(This text reminds Educators that their most important work is to help students develop the intellectual and social strength of character necessary to live well in the world.)

Wood, Chip (2007), *YARDSTICKS* (3rd Edition). Northeast Foundation for Children, Inc.
(This text explains the development milestones of children from 0 – 14 years.)

Topics to consider:

1. Who are the Theorists who influenced teaching in the 20th century and continue to do so presently?
2. What is developmental education? – Piaget, Vygotsky, Montessori, and others.
3. How does neuroscience and brain research influence what we do and how we teach presently?
4. Are we teaching for the industrial era (a time pass) or the information technological explosion, today? We must remember that we are already 20 years into the 21st Century!

December 11 - WRAP UP and EXIT TICKET - What have you learned in the last 14 weeks?

Course Outcomes:

1. To develop a personal motto/metaphor for the teaching process and becoming an intentional teacher
2. To engage and support All Students in learning and making content accessible.
3. To create developmentally appropriate practices from K through 12. (
4. To complete a signature assignment, as specified by the CALTPA.
5. To explore the attributes, skills, and resources needed to become an educational change maker.

Course Requirements:

1. Attendance and consistent participation (5%)
2. Two books from the required list – pace your submissions to have at least one read and submitted to the Instructor by the midterm, latest October 30.
This is not a book report but an academic response – your response and learnings from the texts. Scholarly and AP style are the expectations. The last book response must be submitted by December 11. (30%)
3. The one-page responses (5%).
4. Midterm – A group project which addresses one of the topics that we have covered in class to present to the whole class. (20%)
5. Signature Assignment – Student Self-Assessment (TPE 5)
Describe how you will teach self-regulation and engage students in self-assessment or reflection about their own learning and the criteria you will provide to students to guide their evaluation of their “own learning.” Explain how the self-assessment is aligned to the content-specific learning goal(s) and how it will provide opportunities for students to reflect on and advance their understanding of the content. If you provide instructional adaptations or accommodations for students, explain why.

Explain the process you used to guide students in their self-assessments in relation to the following:-

- a) Their understanding of what they were expected to do

- b) Their evaluation of how well they did
- c) Their thoughts on what they might do differently
- d) The assistance they would like to have to improve their performance

SERVICES

Academic Success Center (ASC)

The ASC is your one-stop learning hub for in-person and remote support services, including personalized writing tutoring for all NDNU writing assignments as well as job materials, interactive workshops to equip you with the tools to achieve academic and professional success, and 24/7 on-demand course-specific tutoring through TutorMe. Additionally, the ASC Canvas site offers resources to help you save time and avoid stress. Access the [ASC site in Canvas](#) to see all the resources available, to contact us, or to schedule an appointment. Have a question? *Just ASC!*

Advising

The Academic Advisor can provide guidance for putting together a plan for completing your degree requirements to help you register for classes and answer any other questions about academic policies and procedures. While students are ultimately responsible for knowing their degree completion requirements, your Academic Advisor is a great resource and available to meet through multiple mediums (in-person, Zoom, Skype, FaceTime, Text messaging, iMessage, WeChat and telephone). At the very least, plan to connect with them each term (or more) to get their assistance with selecting, changing, adding, or canceling classes.

Disability Resource Center (DRC)

Students with disabilities, whether physical, learning, or psychological, who believe that they may need accommodations in this class are encouraged to contact the [Disability Resource Center](#) as soon as possible to ensure that such accommodations are implemented in a timely fashion. Students who are experiencing conditions that are temporarily disabling (*i.e., scheduled surgeries, hospitalizations, injuries, etc.*) are strongly encouraged to contact the DRC. Our desire is to assist you with managing the impact of these circumstances.

Please meet with the DRC staff through a virtual meeting in order to verify your eligibility for any classroom accommodations, and for academic assistance related to your disability. Accommodations are not provided retroactively. The DRC can be reached by email at DRC@ndnu.edu

Library

The Gellert Library is here to support your research needs. Students can use the online catalog to find academic journal articles, ebooks, and print books available through curbside pickup, as well as streaming films and popular newspapers such as The New York

Times and The Wall Street Journal. The library website hosts a number of guides that can help with your research and learning how to use the library and its resources. For more personalized help, students can meet one-on-one with a librarian via Zoom. To connect with a librarian please contact library@ndnu.edu or schedule an appointment on the library [homepage](#).

Academic Integrity

NDNU's core values include learning and integrity; values we live out in all areas of our learning community. Academic integrity means you are able to demonstrate your own knowledge and skills and receive feedback on your learning that can help you improve. If any words or ideas used in an assignment submission do not represent your original words or ideas, you must cite all relevant sources and make clear the extent to which such sources were used. Words or ideas that require citation include, but are not limited to, all hard copy or electronic publications, whether copyrighted or not, and all verbal or visual communication when the content of such communication clearly originates from an identifiable source. By taking responsibility for your own work and avoiding actions that could give you an unfair advantage over others, you are contributing to the NDNU learning community and developing professional skills and values that will serve you well into the future. Academic integrity is one of the most important values of a university community, and breaches of this trust have serious consequences. Please see the [Student Handbook](#) for a detailed discussion of Academic Conduct expectations.

Course Evaluation

Students are expected to complete and submit course evaluations, which will allow NDNU to improve the learning experience for students in each course and to maintain the quality of our academic programs. Each course evaluation will be available online through Campus Portal beginning two weeks prior to the end of the term and will close the Wednesday following the end of the term. Note: Course evaluation survey results are anonymous (do not identify individual student respondents) and will not be available to the instructor until after they have posted their grades.

Directions: To access, please enable pop-ups in your browser (*uncheck pop-up blocker*), then in Campus Portal look for the "You have an active survey" link in the left sidebar. Click that link to open the Course Evaluation Surveys page, which has a link to a survey for each course in which you're enrolled. Your feedback is very important! Please complete your evaluations for all your courses promptly.

COVID-19

NDNU requires employees and students working or learning on campus to be fully vaccinated [<https://www.ndnu.edu/resources/covid-19-info/>]. Employees and students may apply for an exemption based on medical reasons, disability, or firmly held religious belief. If you test positive, please contact HR (hr@ndnu.edu).

Email Communication

In accordance with the Family Education Rights and Privacy Act (FERPA) your instructors and the university will only send messages to students through your NDNU student email account, once that account has been established. Students must regularly check their student email account for important information from the university as well as information about class meetings and assignments. Issues with NDNU email accounts should be directed to the OIT Help Desk at helpdesk@ndnu.edu or (650)508-3555.

Netiquette

All students are responsible for conducting themselves in all class communication modalities for the course (e.g., email, chat groups, blog posts, discussion forums, text messages, etc.) in a manner that facilitates the productive, respectful, and thoughtful exchange of ideas. You are encouraged to comment, question, or critique an idea but never to attack an individual. While varied perspectives and disagreements are encouraged, they should be rooted in fact or experience and never in bias. Be cognizant of cultural and linguistic backgrounds as well as different political and religious beliefs. All opinions and experiences, no matter how different or controversial they may be perceived, must be respected in the tolerant spirit of academic discourse. The standard for how you conduct yourself online should be one of promoting a safe, engaging, respectful, and collaborative environment where diversity of opinion is valued.

Recording of Class

No student may record any classroom activity without first obtaining express consent from the instructor. If you have (or think you may have) a disability such that you need to record classroom activities, you should contact NDNU's Disability Resource Center to request appropriate accommodations.

Written Assignments

When submitting any written assignments, students are expected to adhere to the American Psychological Association (APA) publication guidelines.

Program Learning Outcomes:

1. Learner Characteristics

- Assess the characteristics and behavior of exceptional pupils in terms of program and developmental needs.
- Recognize the differences and similarities of exceptional, non-exceptional students, at-risk students, and students with culturally and linguistically diverse backgrounds.

2. Field Practices Program Information

- Identify and illustrate the formation and function of a Student Study Team (SST).
- Define and explain the admission, review, and dismissal process of special education legislation observed through field practices.
- Evaluate the concept of Least Restrictive Environment and its implications for the instructional process.
- Explain individual protections of special education legislation as they pertain to parents, teachers, and students.
- Formulate and illustrate an Individualized Education Program (IEP) in consultation with the appropriate support personnel and parents for individuals with exceptional needs.

3. Educational

- Identify and apply assessment information toward the modification of core curriculum and materials for selected students, particularly in the areas of Reading, English, Social Science and Math.
- Analyze non-discriminatory assessment, including sensitivity to cultural and linguistic factors.
- Identify and teach non-academic areas, e.g. socialization skills, career and vocational education.

4. Communication & Collaboration

- Discuss interpersonal relationships and human relations problems and issues with students and parents.
- Communicate information in a positive manner to teachers and parents, including those with culturally and linguistically diverse backgrounds.
- Acquire knowledge, skills, and strategies regarding working collaboratively with special education teachers or related service personnel in meeting the needs of students placed in special education

Assignments Information

Required reflections: Explore the Vanderbilt module or assigned professional development article and summarize what you learned and how you will apply what you learn to your teaching. You're required to write based on your reading about 2 pages. Please email me your assignment before the start of class the following week.

Case Study

Case study is done with a k-12 student with a disability. If you are not working with a student with a disability, you can request a case study file from the instructor.

Please address the following questions based on your observation, reading or student data.

Your description must be specific and provide detailed information. Give examples if necessary. Your paper must be between 6-8 pages.

1. Describe the school (Name of program, nature of the program student is in). Describe the school's culture, students' language, ethnicity, socioeconomic status in general along with your role.
2. Describe the classroom (Number of teachers/aides and their training, number of students (male and female), ages, and exceptionalities, room arrangement, equipment, materials, schedule of the day.
3. Describe the student you observed:
age, sex, ethnicity, disability.
Behavior
Responsiveness (attentive, impulsive, etc)
Motivation (eager, indifferent, etc.)
Motility (wheelchair, balanced, etc.)
Verbalization (talkative, nonverbal, etc)
Student's strengths/interest and weaknesses

Student Success Center

The Student Success Center (SSC), located in the Campus Center, is dedicated to supporting students' academic success at NDNU. The SSC includes writing and subject tutoring, test proctoring for students with accommodations, and facilitates the math placement test (MPT). The goal of the

Notre Dame de Namur University
Program Director: Kelly Delaney
Email: kdelaney@ndnu.edu

Student Success Center is to promote student learning and academic innovation. Professional staff members, peer tutors, academic advisors, and faculty work together to promote a supportive educational environment. Services are available both on a drop-in basis and by appointment.

Tutorial assistance is offered in lower and upper division English courses. Rudimentary English language assistance is offered to international students who may need assistance writing papers or general English assistance. Some subject tutoring is offered at the Student Success Center. Please check your NDNU student e-mail account for subjects and schedules. These are also posted on the Student Success Center and Writing Center doors.

Disability Resource Center

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities (e.g. mental health, attentional, learning, chronic health, sensory, or physical) be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please contact the Disability Resource Center (DRC) as soon as possible. Accommodations are not provided retroactively. The Disability Resource Center is located at St Joe's 117. Please contact us by email at DRC@ndnu.edu or by phone at 650-508-3670.

Counseling Services

(650) 508-3714 Counselingservices@ndnu.edu New Hall E18 / E19

The mission of Counseling Services is to promote and enhance the overall wellbeing of students so that they may reach their potential for personal growth and academic success. Counseling Services is open Monday-Friday from 9am to 5pm, and currently enrolled students are welcome to call, email or drop-by to schedule an appointment.

Course Evaluations/Teaching Effectiveness Surveys

Summer Term II course

Teaching Effectiveness Surveys (course evaluations) will be available online through Campus Portal. Your feedback regarding courses and faculty is very important to Notre Dame de Namur University, to your faculty, and to me as the instructor for this course. Your feedback helps us review and improve their teaching, helps departments/programs review and improve program content, and is used by the university in making decisions about tenure, promotion, and hiring decisions for part-time faculty.

Directions: To access, please enable pop-ups in your browser (uncheck pop-up blocker), then in Campus Portal look for the "You have an active survey" link in the left sidebar. Click that link to open the Course Evaluation Surveys page, which has a link to a survey for each course in which you're enrolled. Your feedback is very important! Please complete your evaluations for all your courses promptly. Remember: Your responses are anonymous.

Academic Honesty

NDNU's core values include learning, integrity, and honesty, values we live out in all areas of our learning community. Academic honesty means you are able to demonstrate your own knowledge and skills and receive feedback on your learning that can help you improve. By taking responsibility for your own work and avoiding actions that could give you an unfair advantage over others, you are contributing to the NDNU learning community and developing professional skills and values that will serve you well into the future. Academic honesty is one of the most important values of a university community, and breaches of this trust have serious consequences. Please see the Student Handbook for a detailed discussion of Academic Conduct expectations.

Office Hours: By appointment and
before or after class

Semester: Fall 2023, Section -01, 3-unit course

Day/Time: Thursdays, 4:30 PM-7:00 PM, August 31-December 7

Format: F2F in SM 121, Asynchronous, and Synchronously on Zoom (<https://zoom.us/j/99633396069>)

Overview:

Introduction to measurement concepts needed by teachers to meet their instructional goals. Candidates learn how to create and use assessments that guide instruction and measure results. Candidates also learn how to communicate with students, families, and other audiences about student progress.

Learning Outcomes	Universal TPEs

Credit Hours:

To meet the course learning outcomes (CLOs) identified for this course, the expectations are that this 3-unit course will approximate 135 hours of engagement.

Course Number	Hours in Class	Readings	Assignments	Total Hours of Engagement in Course	Course Units
EDU 4119	45	50	40	135	3

CalTPA Connection:

The Student Self-Assessment (SSA) Assignment and the review of formal assessment types connects to Cycle 2, Step 1. The Analysis of SSA Data and the collection and analysis of formal assessment data connects to Cycle 2, Step 3.

Required Texts:

- Classroom Assessment by W. James Popham 2020 (9th edition), ISBN 10: 0-13-556910-9
- How To Assess Higher-Order Thinking Skills, Susann Brookhart, 2010, ASCD, ISBN 978-1-4166-1048-9
- Grading Smarter Not Harder, Myron Dueck, 2014, ASCD, ISBN 978-1-4166-1890-4

Communication:

The professor will send regular messages to student teachers in this course through NDNU **student email** accounts as well as post messages, announcements, and assignments on the class **Google Classroom (GC) page**. Candidates must regularly check their student email accounts and GC for essential information about class meetings and assignments. Issues with NDNU email accounts should be directed to OIT at (650) 508-3555 or helpdesk2@ndnu.edu.

Attendance:

This course is packed with information so even one absence creates a significant gap in instruction and learning. **One unexcused missed class meeting will result in a significant additional assignment dealing with the readings and a lower participation grade.** Two unexcused absences **mean an automatic grade of /F/ will be earned.** For this reason, the following attendance rules apply:

- **Candidates are expected to attend every one of the mandatory class sessions online or in person.** One excused absence with appropriate documentation and completed make-up work will be accepted. Signing off or leaving from class 30 minutes or more early or logging on to or arriving to class 30 minutes or more late is equal to half a class absence. **Please note:** a student teacher who misses 20% or more of the course content, *equivalent to two class meetings*, will not receive a passing grade in this course.
- **If an excused absence occurs, it is the candidate's responsibility to communicate to the professor** about completing a make-up assignment and providing documentation. **In accordance with the NDNU catalog, a documented absence includes a medical emergency with a doctor's note or other excused absence (e.g., bereavement).**

Developing as a professional educator:

Collegial participation is a requirement of this course. The *California Standards for the Teaching Profession (CSTPs)* and *Teaching Performance Expectations (TPEs)* require teachers to collaborate effectively with colleagues, families, and community members. We will maintain this standard in this course by listening respectfully to each other, helping each other develop as teachers, and encouraging each other to improve.

Academic Honesty:

Academic honesty is a cornerstone of our values at NDNU. If any words or ideas used in an assignment submission do not represent your original words or ideas, you must cite all relevant sources (**e.g., for lesson plans cite the source such as FOSS or Scott Foresman**) and make clear the extent to which such sources were used. Words or ideas that require citation include, but are not limited to, all hard copy or electronic publications, whether copyrighted or not, and all verbal or visual communication when the content of such communication clearly originates from an identifiable source. Consult the NDNU Catalog regarding the consequences of misrepresenting your work.

NDNU Mission Statement:

Founded upon the values of the Sisters of Notre Dame de Namur and rooted in the Catholic tradition, Notre Dame de Namur University serves its students and the community by providing excellent professional and liberal arts programs in which community engagement and the values of social justice and global peace are integral to the learning experience. NDNU is a diverse and inclusive learning community that challenges each member to consciously apply values and ethics in his or her personal, professional, and public life.” We will apply the NDNU Mission in this course through teaching meaningful science to the students at our school sites and reflect on the experience personally in terms of social justice, equity, values, ethics, and best practices in teaching.

NDNU Hallmarks:

Hallmarks are the essential **characteristics, values, and activities** of a Notre Dame learning community. The following Hallmarks will be addressed in this course:

- ***We honor the dignity and sacredness of each person.*** Through developing working relationships with the students we serve, we will honor each student’s personhood as we support them in the learning process.
- ***We educate for and act on behalf of justice and peace in the world.*** Through assessing students’ fairly and equitably, we are ensuring that every student has equity and access to a supportive educational experience.
- ***We embrace the gift of diversity.*** We embrace the opportunity to teach and assess students from pluralistic backgrounds in diverse schools and neighborhood communities.
- ***We create community among those with whom we work and with those we serve.*** We work collaboratively with pre-

service teaching colleagues, cooperating teachers, professors, and students by creating a caring learning community.

- ***We develop holistic learning communities which educate for life.*** Assessing students in a community setting builds their content knowledge as well as our professional teaching relationships.

Academic Success Center:

The ASC is your one-stop learning hub for in-person and remote support services, including personalized writing tutoring for all NDNU writing assignments as well as job materials, interactive workshops to equip you with the tools to achieve academic and professional success, and 24/7 on-demand course-specific tutoring through TutorMe. Additionally, the ASC Canvas site offers resources to help you save time and avoid stress. Access the [ASC site in Canvas](#) to see all the resources available, to contact us, or to schedule an appointment. Have a question? *Just ASC!*

Library:

The Gellert Library is here to support your research needs. Students can use the online catalog to find academic journal articles, ebooks, and print books available through curbside pickup, as well as streaming films and popular newspapers like The New York Times and The Wall Street Journal. The library website hosts several guides that can help with your research and learning how to use the library and its resources. For more personalized help, students can meet one-on-one with a librarian via Zoom. To contact a librarian please contact library@ndnu.edu or schedule an appointment on the library homepage.

Disability Resource Center:

Students with disabilities, whether physical, learning, or psychological, who believe that they may need accommodations in this class are encouraged to contact the Disability Resource Center as soon as possible to ensure that such accommodations are implemented in a timely fashion. Students who are experiencing conditions that are temporarily disabling (i.e., scheduled surgeries, hospitalizations, injuries, etc.) are strongly encouraged to contact the DRC. Our desire is to assist you with managing the impact of these circumstances. <https://www.ndnu.edu/campus-life/disability-resource-center/>. Please meet with the DRC staff through a virtual meeting to: verify your eligibility for any classroom accommodations; and, for academic assistance related to your disability. Accommodations are not provided retroactively. The DRC can be reached by email at DRC@ndnu.edu.

Student Life and Wellness Services:

<https://www.ndnu.edu/resources/wellness-resources/> offers a set of resources curated by graduating Clinical Psychology Students. Resources for mental wellness, substance abuse/addiction, physical health, housing, food, financial support have been sourced, together with a set of affordable mental health counseling services.

Course Evaluations/Teaching Effectiveness Surveys:

Teaching Effectiveness Surveys (course evaluations) will be available online through Campus Portal. Your feedback regarding courses and faculty is very important to Notre Dame de Namur University, to your faculty, and to me as the instructor for this course. Your feedback helps us review and improve their teaching, helps departments/programs review and improve program content, and is used by the university in making decisions about tenure, promotion, and hiring decisions for part-time faculty.

Click that link to open the Course Evaluation Surveys page, which has a link to a survey for each course in which you are enrolled. Your feedback is especially important! Please complete your evaluations for all your courses promptly. Remember: Your responses are anonymous.

Assignments

1. Class Participation (100 points)

Developing as a professional educator is an integral part of the TPEs (Teaching Performance Expectations) and Program Learning Outcomes, therefore collegial participation is a requirement of this course. We will maintain the TPEs in this course by listening respectfully to each other, helping each other develop as teachers and encouraging each other to improve. Your participation grade includes:

- Following **course policies** on attendance and communication.
- Participating **constructively and actively** in class discussions and activities, including in-class writing exercises, etc. Passive learners will receive a lower grade in participation.
- ***Regarding electronic devices (such as laptops, cell phones, etc.): Please be respectful of your peers and your professor and do not engage in activities that are unrelated to class. Such disruptions show a lack of professionalism and will be reflected in your participation grade. You MUST use the video function during synchronous, online class meetings. Meeting online in this regard is no different than if we are physically meeting on campus.***
- ***Assigned readings*** are expected to be completed prior to class sessions to promote active participation in discussions and class activities.
- Regarding meeting ***deadlines*** for assignments. ***All deadlines are firm. Late assignments will be penalized with a letter grade/day deduction (e.g., an /A/ becomes a /B/ and so on).***
- **Due Date:** Posted by professor after last class meeting (no action needed from candidate) in GC.

2. Student Self-Assessment Assignment (100 points)

On October 5th in class, you will be administered a student self-assessment based on what topics you have learned thus

far in EDU 4119. SSA refers to *"a student critiquing their own learning, based on the student self-assessment rubric, and objectively reflecting on and critically evaluating their progress and academic development in the content area"*. (See samples in GC and see guidelines at end of syllabus).

3. Teach a HOTs or Grading Chapter Presentation (40 points)

Develop and teach a lesson to the class on the topics of **higher-order thinking skills (HOTS from Brookhart text) or grading (from Dueck text)**. Guidelines and rubrics will be discussed in class and can be found at the end of the syllabus and in GC.

4. Popham's Item Writing Guidelines Assignments (20 points each/80 total)

Obtain a copy of the indicated assessment type that you have used/administered to students or that you or your cooperating teacher plan to use. **Upload the copy to GC with your reflection and rationale.** *It can be an assessment that you or your cooperating teacher created, or it may be a publisher created.* You will *analyze the sample assessment* considering the appropriate **Popham guidelines**. **For each assessment type, write a reflection and rationale. See details below regarding reflection prompts and page length requirements.**

- **A) Prior student learning**—Select an example of a *pre-assessment (diagnostic assessment)* that is teacher-created or publisher-created to *analyze and evaluate*. Include a **description of what your students knew before you began the lesson**. How will this potential assessment data influence your planning, instruction, and assessment? **Refer to and apply** Popham pages 14-15 and **Popham's Five General Item-Writing Commandments** on page 156. **Reflection must be at least 2 pages in length and address EACH of Popham's guidelines.**
- **B) Selected-response**—Select an example of a selected-response assessment and write a detailed rationale for why you chose the assessment. **Refer to and apply EACH** of *Popham's Five General Item-Writing Commandments* on page 156 and **the following as appropriate** to your teacher-created assessment or publisher-created assessment: Item-Writing Guidelines for Binary-Choice Items page 162; Item-Writing Guidelines for Multiple-Choice Items, page 165; Item-Writing Guidelines for Multiple-Choice Items, page 168; Item-Writing Guidelines for Matching Items, page 174. (e.g., True or False: All Kleenex are tissues, but not all tissues are Kleenex or $2 + 2 = a$. 1 b. 2 c. 3 d. 4). **Reflection must be at least 3 pages in length and address EACH of Popham's guidelines.**

You must apply at least 1 Grading strategy from the Dueck text to the scoring/grading process for the selected response assessment. Provide an explanation (at least ½ a page of the 2 required pages) of which strategy you chose, why you chose it and how it will support students' learning.

- **C) Constructed-response** – Select an example of a constructed-response assessment and write a detailed rationale for why you selected the assessment and the rubric (if applicable) or criteria you plan to use to evaluate it. **Refer to and apply** Popham's Item-Writing Guidelines for Short-Answer Items, page 182; Item Writing Guidelines for Essay Items, page 186; Guidelines for Scoring Responses to Essay Items, page 190 to your teacher-created assessment publisher-created assessment. (e.g., $2 + 2 = \underline{\hspace{1cm}}$, or list the 4 steps in the life cycle of a butterfly or describe the causes of the Civil War in a 1-page essay). **Reflection must be at least 3 pages in length and address Popham's guidelines.**

? You must identify at least 1 HOTS from the Brookhart text that is measured by the constructed response assessment. If there is not a HOTS evident in the assessment, then indicate how it could be revised to address a HOTS skill. Provide an explanation (at least ½ a page of the 2 required pages) of what HOTS is addressed and how the assessment measures that students have an opportunity to demonstrate the thinking skill.

- **D) Performance Assessment** – Select an example of a performance assessment and write a detailed rationale for why you selected the assessment and the rubric(s) you plan to use to evaluate it. **Refer to and apply** Popham's Three Features of Performance Assessment, page 204, and the Evaluative Criteria for Performance Based Tasks on page 209; Rubrics, pages 214-219 to your teacher-created assessment or publisher-created assessment. (*Examples of performance assessment activities include things like:* A kindergarten teacher asks a student to count from 1 to 30 or say her ABCs. A first-grade teacher asks their students to read a passage out loud from a book. A fourth-grade physical education teacher asks their students to demonstrate skills they have developed during a unit on jumping rope. An eighth-grade visual arts teacher asks their students to use different media to create sculpted figures that convey actions or gestures. A middle-school science teacher asks their students to complete experiments to demonstrate that they know how to apply scientific method and how to use the scientific equipment that they will use to do more advanced experiments. A HS history teacher asks their students to debate the United States involvement in the Vietnam War.). **Reflection must be at least 3 pages in length and address Popham's guidelines.**

? You must identify at least 1 HOTS from the Brookhart text that is measured by the performance assessment. Provide an explanation (at least ½ a page of the 2 required pages) of what HOTS is addressed and how the assessment measures that students have an opportunity to demonstrate the thinking skill.

Final grades are calculated using total points earned out of total points possible:

Passing	Grades B- and higher	
A+ 100%	A 95 - 99.99%	A- 94 - 90%
B+ 89 - 87%	B 87 – 84%	B- 83 - 80%
Not Passing	Any grade below B	
C+ 79 - 77%	C 76 - 73%	C- 72 – 70%
D+ 69 – 67%	D 66 – 63%	D- 62 – 60%
F 59% and below

HOTS and Grading Chapter Presentation Guidelines

- Prepare and teach the EDU 4119 class a lesson that addresses the following learning goals:
 - ✓ Students will understand and be able to explain or describe the content of the chapter.
 - ✓ Students will be able to apply the knowledge from the chapter to their own professional practice.
 - The lesson should include:
 - ✓ A pre-assessment to diagnose prior knowledge or prior learning ✓ A range of instructional strategies to teach the concepts and engage the class in learning the content
 - ✓ At least one formative assessment of the lesson's learning goals
- Assume the class has NOT read the chapter.

The presentation should be **60 minutes** in length.

- The evaluative criteria and points possible are:
 1. The **content** of the chapter was thoroughly presented. **10 pts.**

2. A variety of **instructional strategies** were used to engage the class. **10 pts.** 3. **Assessments** accurately measured the lesson goals. **10 pts**
4. Within presentation **time limit, balanced** and engaging lesson, and materials/slides posted **in GC. 10 pts.**

Student-Self Assessment Guidelines

What is Student Self-Assessment (SSA)? From the CalTPA, cycle 2 handbook: **Student Self-Assessment**

Describe how you will engage the students in self-assessment and/or reflection. Explain how the student self-assessment rubric is aligned to the content-specific learning goal(s) and ELD goal(s), if appropriate, and how it will provide opportunities for the students to reflect on and advance their understanding of the content. If you provide instructional adaptations (accommodations and/or modifications) for student(s) during the student self-assessment, explain why.

Be specific. Student self-assessment should be age and/or developmentally appropriate. Young students may need to respond verbally or have picture cues if they are not yet reading and writing. If the student self-assessment is a set of questions or pictures, list the questions you plan to have the students respond to and/or provide the pictures. If the assessment is a presentation of learning, describe the guiding questions or expectation for performance. If you want the students to write or draw a reflection of what they have learned, provide sentence frames or prompt for that activity. Remember that the students

will use a rubric to self-assess their product, process, or performance.

Criteria: On October 5th, in class, I will administer a student self-assessment to the 4119 class, based on assessment topics that we have been learning about in the course. You will *answer the constructed response items and rate your interpretations on the rubric*. You will receive a copy of the class set of data and then you will *evaluate and analyze the data*. Then you will write and submit a paper to GC addressing the following prompts in a 4 page paper:

- Discuss what most students appear to understand well, and, if relevant, any misunderstandings, confusions, or learning needs (including a need for greater challenge) that were apparent for some or most students.
- Cite evidence to support your analysis from the student self-assessments. Indicate what written and or verbal feedback you would provide to individual students. How and why do your approaches to feedback support students' deep learning? In what ways does your feedback address individual student needs and learning goals? What did you learn from students' self-assessments in relation to the following?
 - ✓ Their understanding of what they were expected to do
 - ✓ Their evaluation of how well they did
 - ✓ Their thoughts on what they might do differently
 - ✓ The assistance they would like to have to improve their performance
- Describe the next steps for instruction for these students.

Catalog Course Description: This course provides an introduction to technology applications that benefit and are useful for both teachers and students. Current literature, tech education resources, and teaching strategies are introduced and discussed. This course fulfills the California State Credential requirements. No textbook required for this course.

Learning Outcomes	Universal TPEs	MMSN TPEs	ESN TPEs
<u>Tech Tools</u> - Explore, learn and practice many of the common tech tools teachers use to engage students in learning new content, practicing their skills, getting feedback, collaborating with their peers and creating products and projects to increase student voice, choice and creativity.	I/P: U1.4; U3.6, U3.7, U4.4 A:4.8	I: M2.1, M2.8, M3.1, M3.2	I: E3.1, E4.3

<u>Tech as a Resource</u> - Provide the rising teacher with strategies, tools and resources to improve their systems and efficiency in the classroom. This will empower them to focus on the human aspect of teaching, to which they are uniquely suited.	I/P:U3.6, U3.7, U3.8, U6.3 A: U3.7	I:M4.1	I: E3.1, E4.3
<u>Healthy Relationship with Technology</u> - Assist students in establishing a healthy relationship with tech with a goal of using tech intentionally to add to their lives (at school and beyond) in positive ways. This will also influence the way they model and encourage their students to have a healthy relationship with tech.	I/P: U1.4, U3.7 A: 4.8		

NDNU Hallmarks: Two of the Hallmarks of NDNU which are especially prevalent throughout this course are:

- We educate for and act on behalf of justice and peace in the world.
- We develop holistic learning communities which educate for life.

Required Textbooks/Readings/Links: All course materials will be provided through our Canvas Course.

Course Requirements: Throughout the course, students will be expected to complete all assignments shared through our Canvas Course. Due dates will be listed there.

All work must be typed, in 12 point font, and double spaced unless otherwise directed by instructor. When citing sources, please use **APA format** and provide a reference list when appropriate. Paginate any paper of more than 2 pages and be sure your name and date are on the paper. Please proofread all work. Do not rely on spell check programs.

CalTPA Connection: In order for our students to have the best possible preparation for successful submission of their CalTPA, each course in the NDNU credential program will provide a connection to this TPA requirement. We encourage students to integrate the assignments given to them by their course instructors as part of their overall CalTPA portfolio.

Attendance: Students are required to attend ALL scheduled class meetings per the schedule (2 online *and* 1 in-person). A student's attendance at school functions where the student is a student teacher, intern, or teacher of record may be excused with prior

notification/approval from the instructor. Absences may also be excused for illness, last minute emergencies, bereavement, etc. but student must make arrangements with the instructor. Please note that for an excused absence, the student may receive credit for attendance but will need to turn in assignments due at that class and make up missed in-class activities.

Participation: Active participation is defined as sharing questions, concerns, constructive feedback, support, ideas, and resources. Active participation is being attentive, self-motivated, respectful, independent, responsible, and flexible. This also means that you will have completed assignments and readings listed in the syllabus for the class date each is due. Attendance alone does not constitute participation.

Student Workload Expectations: To meet the goals of this course, this 1-unit course, delivered over a 6-week period, will approximate **45 hours of engagement**. This will occur in a **blended format** (through live classes & online asynchronously):

Intro	Part 1	Part 2	Part 3	Part 4
2.5 hrs live class on InSpace	17.5 hrs online work	2.5 hrs in-person on NDNU campus	20 hrs online work	2.5 hrs live class on InSpace

Cell phone/Computer use: As a courtesy to the instructor and your fellow students, please turn off cell phones and other electronic devices during our in-person classes. If there is a reason to have your cell phone on, please put it on vibrate. While you are welcome to bring your computer/tablet to our in-person classes, most of what we will do will be active participation that will not necessitate a computer.

Course Evaluation:

- a. Live Classes - attend entirety of ALL 3 live sessions, be punctual and fully participate
- b. Completion of ALL out-of-class assignments, including posts & replies to the discussion questions in Canvas by the DEADLINES listed in the course (or within 1-2 days, only IF communicated to and approved by the instructor)
 - i. students who, during the first weeks, save all/most of the asynchronous work until the last day or two before the next live session will be unable to pass this class and will receive an email letting them know they should withdraw
 - ii. extensions will be considered for extenuating circumstances, but must be approved by the instructor two or more days before each due date

Grading Standards

A+ 100%	B+ 89-87%	C+ 79-77%	D+ 69-67%

Teaching Effectiveness Surveys: Surveys (course evaluations) will be available online through the Campus Portal **2 weeks prior to the end of the semester and will close the Wednesday following the end of the term.** Your feedback regarding courses and faculty is especially important to NDNU, to your faculty, and to me as the instructor for this course. It helps us review and improve our teaching, helps the department and program improve program content, and is used by the university in making decisions about tenure, promotion, and hiring for faculty.

Directions: To access, please enable pop-ups in your browser (uncheck pop-up blocker), then in Campus Portal look for the “**You have an active survey**” link in the left sidebar. Click that link to open the Course Evaluation Surveys page, which has a link to a survey for each course in which you are enrolled. Your feedback is particularly important! Please complete your evaluations for all your courses promptly. **Remember:** Your responses are anonymous and are not available to faculty until after course grades are posted.

NDNU SERVICES

Academic Integrity

NDNU’s core values include learning and integrity; values we live out in all areas of our learning community. Academic integrity means you are able to demonstrate your own knowledge and skills and receive feedback on your learning that can help you improve. If any words or ideas used in an assignment submission do not represent your original words or ideas, you must cite all relevant sources and make clear the extent to which such sources were used. Words or ideas that require citation include, but are not limited to, all hard copy or electronic publications, whether copyrighted or not, and all verbal or visual communication when the content of such communication clearly originates from an identifiable source. By taking responsibility for your own work and avoiding actions that could give you an unfair advantage over others, you are contributing to the NDNU learning community and developing professional skills and values that will serve you well into the future. Academic integrity is one of the most important values of a university community, and breaches of this trust have serious consequences. Please see the [Student Handbook](#) for a detailed discussion of Academic Conduct expectations.

Academic Success Center (ASC)

The Academic Success Center (ASC) is your one-stop learning hub for in-person and online support services, including 1-to-1 writing consultations for all NDNU writing assignments as well as job materials, online workshops and group appointments, 24/7 on-demand online subject tutoring, research guidance, academic advising, and interactive resources designed in collaboration with faculty to help you save time and avoid stress.

The ASC is here to help you achieve your academic and professional goals. Access Handshake, NDNU's official job and internship portal, through the ASC. Thousands of employers are hiring students on Handshake. Once you fill in your career interests, you'll get personalized recommendations for jobs and events and direct outreach from employers interested in students like you - 80% of students with a complete Handshake profile get messaged by employers.

All ASC services are included with your tuition and available even after you graduate!

Access the [ASC site in Canvas](#) to see all the resources available, to schedule an appointment, or to contact us. Have a question? Just ASC!

Disability Resource Center (DRC)

Students with disabilities, whether physical, learning, or psychological, who believe that they may need accommodations in this class are encouraged to contact the [Disability Resource Center](#) as soon as possible to ensure that such accommodations are implemented in a timely fashion. Students who are experiencing conditions that are temporarily disabling (*i.e., scheduled surgeries, hospitalizations, injuries, etc.*) are strongly encouraged to contact the DRC. Our desire is to assist you with managing the impact of these circumstances. Please meet with the DRC staff through a virtual meeting in order to verify your eligibility for any classroom accommodations, and for academic assistance related to your disability. Accommodations are not provided retroactively. The DRC can be reached by email at DRC@ndnu.edu.

Library

The Gellert Library is here to support your research needs. Students can use the online catalog to find academic journal articles, ebooks, and print books available through curbside pickup, as well as streaming films and popular newspapers such as The New York Times and The Wall Street Journal. The library website hosts a number of guides that can help with your research and learning how to use the library and its resources. For more personalized help, students can meet one-on-one with a librarian via Zoom. To connect with a librarian please contact library@ndnu.edu or schedule an appointment on the library [homepage](#).

COVID-19

Notre Dame de Namur University
Program Director: Kelly Delaney
Email: kdelaney@ndnu.edu

NDNU requires employees and students working or learning on campus to be fully vaccinated [\[https://www.ndnu.edu/resources/covid-19-info/\]](https://www.ndnu.edu/resources/covid-19-info/). Employees and students may apply for an exemption based on medical reasons, disability, or firmly held religious belief. If you test positive, please contact HR (hr@ndnu.edu).

Email Communications

In accordance with the Family Education Rights and Privacy Act (FERPA) your instructors and the university will only send messages to students through your NDNU student email account, once that account has been established. Students must regularly check their student email account for important information from the university as well as information about class meetings and assignments. Issues with NDNU email accounts should be directed to the OIT Help Desk at helpdesk@ndnu.edu or (650) 508-3555.

Netiquette

All students are responsible for conducting themselves in all class communication modalities for the course (e.g., email, chat groups, blog posts, discussion forums, text messages, etc.) in a manner that facilitates the productive, respectful, and thoughtful exchange of ideas. You are encouraged to comment, question, or critique an idea but never to attack an individual. While varied perspectives and disagreements are encouraged, they should be rooted in fact or experience and never in bias. Be cognizant of cultural and linguistic backgrounds as well as different political and religious beliefs. All opinions and experiences, no matter how different or controversial they may be perceived, must be respected in the tolerant spirit of academic discourse. The standard for how you conduct yourself online should be one of promoting a safe, engaging, respectful, and collaborative environment where diversity of opinion is valued.

Recording of Class

No student may record any classroom activity without first obtaining express consent from the instructor. If you have (or think you may have) a disability such that you need to record classroom activities, you should contact NDNU's Disability Resource Center to request appropriate accommodations.

Catalog Course Description

Teacher candidates are oriented to the Single Subject Credential Program and the teaching profession. This course is coordinated by an NDNU faculty member and is jointly taught by mentor teachers from local schools. The focus of this course is teaching the state adopted academic content standards using effective strategies in the discipline of the teacher candidate. Program-related topics and legal requirements such as well as a review of the Teaching Performance Expectations (TPEs). Other topics include, but are not limited to classroom management, teaching, and learning in a standards-based environment, and setting high expectations for all students. Candidates apply course content to field practicum and the development of their Teaching Performance Assessment.

Candidates taking this course to add a second credential authorization will fulfill all requirements of the course in addition to completing an independent study project.

Introduction to the Teaching Performance Expectations (TPEs)

The Teaching Performance Expectations (TPEs) comprise the body of knowledge, skills, and abilities that beginning general education teachers have the opportunity to learn in approved teacher preparation programs in California. Beginning teachers demonstrate their knowledge

of the TPEs by successfully completing course work, engaging in clinical practice, and passing a Teaching Performance Assessment (TPA) based on the TPEs. Beginning teachers must meet these requirements prior to being recommended for a preliminary teaching credential in California. TPEs guide teacher preparation program development; candidate competency with respect to the TPEs is measured through the TPA, also known as the CalTPA.

NDNU Hallmarks

Hallmarks are the essential **characteristics, values,** and **activities** of a Notre Dame learning community. Emphasis on Hallmark numbers 4 and 5 will be addressed in this course:

- ***We honor the dignity and sacredness of each person.*** Through developing working relationships with the students we serve, we will honor each student's personhood as we support them in the learning process.
- ***We educate for and act on behalf of justice and peace in the world.*** Through creating lesson plans imbued with subject matter content and multicultural theory, we are ensuring that every student has equity and access to a supportive educational experience.
- ***We commit ourselves to community service.*** By engaging with students in our local community through education, we are committed to community service.
- ***We embrace the gift of diversity.*** We embrace the opportunity to teach students from pluralistic backgrounds in diverse schools and neighborhood communities. By engaging in a diverse experience, we will connect key course learnings to ideas, beliefs, traditions, or cultural artifacts that are different from our own.
- ***We create community among those with whom we work and with those we serve.*** We work collaboratively with pre-service teaching colleagues, master teachers, professors, and students by creating a caring learning community where each person is valued.

- *We develop holistic learning communities which educate for life.* Teaching students subject matter content and building our own pedagogical knowledge strengthen our professional teaching relationships.

Required Texts

- This course does not require a textbook. Recommended readings, videos, websites, podcasts, and other resources will be provided in person or sent electronically.

Course Requirements

All papers must be typed, double spaced, 12-point Times New Roman font with 1-inch margins. All citations, whether in-text or in a reference list, must follow APA guidelines. For tips about APA formatting visit <http://owl.english.purdue.edu/owl/resource/560/02/> . Late assignments will not be accepted, except those absences that were preapproved by the instructor.

Attendance

Attendance at each class is mandatory and expected at all class meetings. Unexcused non-attendance will be considered in the grading process and reflected in the final grade. Excused non-attendance, prearranged with the instructor and an alternate assignment required, will be an accommodation for only one time during the semester. Allowances will be made for emergency situations such as illness, last-minute emergencies, bereavement, etc. if requested by the student. NOTE: an excess of unexcused absences will place the student in jeopardy and the instructor will report this situation to the NDNU Education Committee for review and action.

Participation

You are expected to engage in classroom discussions, voluntarily or non-voluntarily. Participation also includes completing assigned readings, engaging in small and large group activities, oral presentations, and activities conducted by guest speakers. It also means being attentive, initiative taking, respectful attention, and no distracting behaviors.

Since your active presence is expected, please refrain from engaging in texting, emailing, internet surfing, phone calls unless an emergency (take it outside), and checking your laptop or cell phone. As a courtesy, please turn off all cell phones or other devices that might become a distraction to you or others around you.

Average Student Workload Expectations

Students often ask how many hours they need to put into a course. NDNU used Carnegie hours and phrases the total hours as student engagement as opposed to time in class and time out of class. So, hours of engagement are the following:

- 1-unit course – 45 hours of student engagement
- 2-unit course -- 90 hours of student engagement

3-unit course -- 135 hours of student engagement – (covers in-class and mentor time)

4-unit course -- 180 hours of student engagement

Grading

Homework and in-class assignments will be graded on a point scale, or rubric score based on the validity of the content of the assignment. Students earning letter grades lower than a B- on quizzes and exams will be given one opportunity to redo the quiz/exam. Grading standards are as follows:

A+ - 100% A - 99-94% A- - 93-90% B+ - 89-87% B – 86-84% B- - 83-80%

Below B- is not acceptable.

Teaching Effectiveness Surveys

Course evaluations will be available online through the Campus Portal 2 weeks prior to the end of the semester and will close the Wednesday following the end of the term. Your feedback regarding courses and faculty is especially important to NDNU, to your faculty, and to me as the instructor for this course. Your feedback helps us review and improve our teaching, helps the School of Ed improve program content, and is used by NDNU in making decisions about tenure, promotion, and hiring for faculty.

**I've come to the frightening conclusion that I am the
decisive element in the classroom.**

**It's my personal approach that creates the climate,
My daily mood makes the weather.**

**As a teacher, I possess a tremendous power to make a
child's life miserable or joyous.
I can be a tool of torture or an instrument of inspiration.
I can humiliate or humor, hurt or heal.**

**In all situations, it is my response that decides whether a

Course Overview. In this course, students will develop experience in lesson design and curriculum planning applied to their subject area. Students will implement a variety of instructional strategies and techniques as required by California Commission on Teacher Credentialing (CTC) guidelines to address teaching diverse school populations with differences in learning styles, primary languages, socio-economic status, cultural groups, and ethnic groups. Direct instruction, questioning techniques, small group discussions, and higher order thinking skills are included and used by the student in designing a unit of instruction. Students will practice *reflection* as an integral part of professional growth. Please note that this course is typically taken in tandem with EDU 4442

“Student/Intern Teaching Seminar for Single Subject Student Teachers (First Semester)”, and as such will complement components with that course with focus on the California Teaching Performance Assessment (CalTPA Cycle 1).

CalTPA Connection. In order for our students to have the best possible preparation for successful submission of their CalTPA, each course in the NDNU credential program will provide a connection to this TPA requirement. We encourage students to integrate the assignments given to them by their course instructors as part of their overall CalTPA portfolio. CalTPA Cycle 1 in its entirety is integrated in this course.

Teaching methods. Course delivery is accomplished in a combination of ways in order to meet the needs of all learners and learning styles. Pedagogical approaches include the following (examples shown in parentheses):

- Presentations (lectures assisted by Google Slides, online mediums, or other visuals)
- Discussions (students actively engaged in discussing course content)
- Cooperative learning (small team structure emphasizing learning from and with others)
- Facilitation of CalTPA Cycle 1 Portfolio

The seminar format of EDUC 4407 requires the active and respectful participation of all students. As an experiential course, it is structured around discussion and small team activities. Therefore, it is critical that all students keep up with the readings and actively participate in class. Students should be prepared to discuss the content readings in relation to teaching culturally and linguistically diverse students, as well as to ask questions for clarification, exploration, or discussion.

Course Objectives. This course responds to the new standards for teacher performance (TPE) approved by the CTC. Students in this course will focus on the following competencies identified by the CTC in order to meet the requirements of the California Teaching Performance Assessment (CalTPA): Engaging and Supporting All Students in Learning (TPE 1), Understanding and Organizing Subject Matter for Student Learning Content Specific Pedagogy (TPE 3), Planning Instruction and Designing Learning Experiences for All Students (TPE 4).

Course requirements. **The last day for any work to be considered for late/partial credit is 11/30**

1. Attendance, Participation, and Exit Ticket: Students are expected to attend **ALL** class sessions. Students who miss more than one class session can expect a lowered course grade in the following manner: A to A-; A- to B+, etc. A student's attendance at school functions where the student is either a student teacher or an intern may be excused as long as the student provides documented evidence to the instructor (please note that by doing so, the student may receive credit for attendance but not for any in-class activities that day). Students are also expected to participate actively in every session, by critically analyzing, asking questions, making observations about the readings, and submitting online assignments in a timely manner. A student may be excused from attending one class session but only with documented evidence to the instructor. **These weekly commitments comprise 30% of the course grade.**
2. Drafts of CalTPA Cycle 1, Parts B, C, and F: Provide draft versions for each of the following forms by the assigned deadlines stated later in this syllabus (see schedule outline). You will submit them in our Google Classroom "Classwork" tab.
 - a. [Part B: Lesson Plan](#)
 - b. [Part C: Written Narrative Lesson Plan Rationale](#)
 - c. ~~Part F: Written Narrative Reflection on What you Learned~~

In addition, you must listen to your partner's draft work and provide both oral and written feedback when asked to do so. **These assignments comprise 30% of the course grade.**

3. Step 4 Practice Presentation Part G: This project consists of two parts, each with assigned deadlines stated later in this syllabus:
 - a. Complete draft of [Part G: Narrative Application of What you Learned](#), uploaded onto our Google Classroom “Classwork” tab
 - b. Give an oral presentation of Part G (up to 5 minutes)

In addition, you must listen to your partner’s draft work and provide both oral and written feedback when asked to do so. ***This project comprises 20% of the course grade.***

4. This instructional unit assignment reflects your skills and reflects what you learned in the class. Presentation will be included in this grade. comprises 20% of the course grade

Average Student Workload Expectations. This 2-unit graduate course entails a minimum of 120 hours of student engagement over the semester. This is composed of 30 hours of in-class time, and 90 hours of reading, researching, writing, and other class preparations.

CalTPA Connection. In order for our students to have the best possible preparation for successful submission of their CalTPA, each course in the NDNU credential program will provide a connection to this TPA requirement. We encourage students to integrate the assignments given to them by their course instructors as part of their overall CalTPA portfolio. For this course, ***CalTPA Cycle 1*** Steps 1 (Parts B and C) and Steps 3 and 4 are integrated in this course.

Connection to the Hallmarks at NDNU. As one of the learning communities of Notre Dame de Namur, NDNU adheres to seven hallmarks that describe the essential characteristics, values, and activities of all its learning communities. The overarching theme for this semester’s course connect to the following hallmark: We develop holistic learning communities which educate for life (Hallmark Seven). For more information on the Notre Dame de Namur hallmarks, see <https://www.ndnu.edu/about-ndnu/>. Please also note "We acknowledge that Notre Dame de Namur University sits on the unceded ancestral homeland of the Ramaytush Ohlone who are the original peoples of the San Francisco Peninsula. We recognize that we benefit from living and working in their traditional homeland, and we affirm their sovereign rights as first peoples."

SERVICES

Academic Success Center (ASC)

The ASC is your one-stop learning hub for in-person and remote support services, including personalized writing tutoring for all NDNU writing assignments as well as job materials, interactive workshops to equip you with the tools to achieve academic and professional success, and 24/7 on-demand course-specific

Notre Dame de Namur University

tutoring through TutorMe. Additionally, the ASC Canvas site offers resources to help you save time and avoid stress. Access the [ASC site in Canvas](#) to see all the resources available, to contact us, or to schedule an appointment. Have a question? *Just ASC!*

Advising

The Academic Advisor can provide guidance for putting together a plan for completing your degree requirements to help you register for classes and answer any other questions about academic policies and procedures. While students are ultimately responsible for knowing their degree completion requirements, your Academic Advisor is a great resource and available to meet through multiple mediums (in-person, Zoom, Skype, FaceTime, Text messaging, iMessage, WeChat and telephone). At the very least, plan to connect with them each term (or more) to get their assistance with selecting, changing, adding, or canceling classes.

Disability Resource Center (DRC)

Students with disabilities, whether physical, learning, or psychological, who believe that they may need accommodations in this class are encouraged to contact the [Disability Resource Center](#) as soon as possible to ensure that such accommodations are implemented in a timely fashion. Students who are experiencing conditions that are temporarily disabling (*i.e., scheduled surgeries, hospitalizations, injuries, etc.*) are strongly encouraged to contact the DRC. Our desire is to assist you with managing the impact of these circumstances.

Please meet with the DRC staff through a virtual meeting in order to verify your eligibility for any classroom accommodations, and for academic assistance related to your disability. Accommodations are not provided retroactively. The DRC can be reached by email at DRC@ndnu.edu

Library

The Gellert Library is here to support your research needs. Students can use the online catalog to find academic journal articles, ebooks, and print books available through curbside pickup, as well as streaming films and popular newspapers such as The New York Times and The Wall Street Journal. The library website hosts a number of guides that can help with your research and learning how to use the library and its resources. For more personalized help, students can meet one-on-one with a librarian via Zoom. To connect with a librarian please contact library@ndnu.edu or schedule an appointment on the library [homepage](#).

POLICIES

Academic Integrity

Notre Dame de Namur University
Program Director: Kelly Delaney
Email: kdelaney@ndnu.edu

NDNU's core values include learning and integrity; values we live out in all areas of our learning community. Academic integrity means you are able to demonstrate your own knowledge and skills and receive feedback on your learning that can help you improve. If any words or ideas used in an assignment submission do not represent your original words or ideas, you must cite all relevant sources and make clear the extent to which such sources were used. Words or ideas that require citation include, but are not limited to, all hard copy or electronic publications, whether copyrighted or not, and all verbal or visual communication when the content of such communication clearly originates from an identifiable source. By taking responsibility for your own work and avoiding actions that could give you an unfair advantage over others, you are contributing to the NDNU learning community and developing professional skills and values that will serve you well into the future. Academic integrity is one of the most important values of a university community, and breaches of this trust have serious consequences. Please see the [Student Handbook](#) for a detailed discussion of Academic Conduct expectations.

Course Evaluation

Students are expected to complete and submit course evaluations, which will allow NDNU to improve the learning experience for students in each course and to maintain the quality of our academic programs. Each course evaluation will be available online through Campus Portal beginning two weeks prior to the end of the term and will close the Wednesday following the end of the term. Note: Course evaluation survey results are anonymous (do not identify individual student respondents) and will not be available to the instructor until after they have posted their grades.

Directions: To access, please enable pop-ups in your browser (*uncheck pop-up blocker*), then in Campus Portal look for the "You have an active survey" link in the left sidebar. Click that link to open the Course Evaluation Surveys page, which has a link to a survey for each course in which you're enrolled. Your feedback is very important! Please complete your evaluations for all your courses promptly.

COVID-19

NDNU recommends employees and students working or learning on campus to be fully vaccinated [<https://www.ndnu.edu/resources/covid-19-info/>]. Employees and students may apply for an exemption based on medical reasons, disability, or firmly held religious belief. If you test positive, please contact HR (hr@ndnu.edu).

Email Communications

In accordance with the Family Education Rights and Privacy Act (FERPA) your instructors and the university will send messages to students through your NDNU student email account, once that account has been established. Students must regularly check their student email account for important information from the university as well as information about class meetings and assignments. Issues with NDNU email accounts should be directed to the OIT Help Desk at helpdesk@ndnu.edu or (650) 508-3555.

Notre Dame de Namur University
Program Director: Kelly Delaney
Email: kdelaney@ndnu.edu

Netiquette

All students are responsible for conducting themselves in all class communication modalities for the course (e.g., email, chat groups, blog posts, discussion forums, text messages, etc.) in a manner that facilitates the productive, respectful, and thoughtful exchange of ideas. You are encouraged to comment, question, or critique an idea but never to attack an individual. While varied perspectives and disagreements are encouraged, they should be rooted in fact or experience and never in bias. Be cognizant of cultural and linguistic backgrounds as well as different political and religious beliefs. All opinions and experiences, no matter how different or controversial they may be perceived, must be respected in the tolerant spirit of academic discourse. The standard for how you conduct yourself online should be one of promoting a safe, engaging, respectful, and collaborative environment where diversity of opinion is valued.

Recording of Class

No student may record any classroom activity without first obtaining express consent from the instructor. If you have (or think you may have) a disability such that you need to record classroom activities, you should contact NDNU's Disability Resource Center to request appropriate accommodations.

Written Assignments

When submitting any written assignments, students are expected to adhere to the American Psychological Association (APA) publication guidelines.

Phones

As a courtesy to the instructor and your fellow students, please turn off all cell phones and other electronic devices during class. If there is a reason to have your cell phone on, please put it on vibrate. While computers/tablets may be useful at times during seminar, there will also be times when they are a distraction. Thus, there will be times when you are asked to put your computers/tablets away.

Schedule Outline

Please note that the instructor reserves the right to make changes in the syllabus during the course. The actual dates on which these sessions occur may be changed during the semester but not without advance notification.

NDNU School of Education
EDU 4410 Language & Literacy in Content Areas (3 units)

Fall 2023

Syllabus

Instructor: Alissa Talesnick
Email: atalesnick@ndnu.edu
Office Hours: By Appointment

Course Schedule: Weekly on Wednesdays, 7:15 pm to 9:45 pm in St. Mary's, room 113

- First class: August 30
- Last class: December 6

Course Description EDU 4410 Language and Literacy in Content Areas introduces current research, principles, issues, strategies, and resources, with respect to language and literacy in Single Subject content areas. Focuses on Specially Designed Academic Instruction in English (SDAIE) for language minority students. **Field experience in public school is required (30 hours).**

EDU 4410 focuses on practical classroom techniques, reading strategies, academic vocabulary development and the “into, through and beyond” approach to reading academic texts relevant for struggling as well as advanced readers in all content areas. Students in EDU 4410 review the research behind reading strategies and techniques and then individually and in small groups work to apply the research to real-world diverse classroom situations. Students currently completing their student teaching should be able to take elements from each session and apply them directly to their daily instruction.

Learning Outcomes

Below are the learning outcomes for EDU 4410 along with the accompanying Universal Teaching Performance Expectations. (I = Introduced, P = Practiced, A = Assessed)

Learning Outcomes	Universal TPEs
Use a variety of instructional strategies to support students' reading comprehension and close reading skills.	I/P/A: U1.4 P/A: U4.4
Plan instruction that utilizes strategies to promote listening and speaking among students.	I/P/A: U4.7
Analyze text with regard to qualitative factors, quantitative factors, and the reader and task in order to determine what strategies, scaffolds, and supports students will need to access and comprehend the text.	
Identify knowledge students need before reading a text in order to comprehend the text, and utilize strategies to introduce or review this knowledge.	I/P/A: U1.4
Administer a reading assessment to a student to identify strengths and areas of growth in terms of phonics, fluency, recall, and comprehension.	A: U4.1, A: U5.8
Craft text-dependent questions to deepen and enhance students' understanding of text.	I/P: U1.4
Create graphic organizers to help students improve their comprehension of text and demonstrate relationships and connections among concepts and ideas.	I/P/A: U1.4
Design instruction and activities to support students' vocabulary and academic language knowledge and to help students internalize new vocabulary terms.	I/P/A: U3.5
Design instruction and utilize strategies to support English learners with language acquisition, reading comprehension, and writing.	I/P: U1.6
Design instruction and utilize strategies to support students with various disabilities that impact reading comprehension, including dyslexia.	I: M3.2
Utilize strategies to support students with writing and the writing process.	I/P: U1.4
Apply CCSS ELA-Literacy standards in conjunction with content-area standards.	A: U2.5, A: 3.1, A: U4.3

CalTPA Connection

In order for our students to have the best possible preparation for successful submission of their CalTPA, each course in the NDNU credential program will provide a connection to this TPA requirement. We encourage students to integrate the assignments given to them by their course

instructors as part of their overall CalTPA portfolio. EDU 4410 will help students complete Cycle 1, step 1 (lesson plan) and Cycle 2, steps 2 and 3 (analysis of assessment results).

University Grading System

Letter grades will be given. Course requirements will be weighted as listed below in computation of the course grade. A grade of A or A- presumes high quality written work and excellent oral participation, as well as strong reflective thinking. The following chart explains the meaning of letter grades at Notre Dame de Namur University:

Grade	Grade Points per Unit
A	4.0
A-	3.7
B+	3.3
B	3.0
B-	2.7 (requires a B+ in another class of equal unit value)
C+	2.3 (requires an A- in another class of equal unit value)
C	2.0 (requires an A in another class of equal unit value)
C-	1.7 (requires an A in another class of equal unit value)
D+	1.3 (not acceptable)
D-	.7 (not acceptable)
F	0 (not acceptable)

Professionalism and Engagement

You should treat our class as part of your professional experience by taking responsibility for assignments and discussion and by acting in a professional and collegial manner. You should respect your peers and your instructor with exchange of multiple perspectives and varying opinions and philosophical beliefs about education and students in our care. You should also respect the learning environment by following guidelines with regard to laptop and cell phone use. You may utilize laptops, phones, tablets, or other electronic devices for such tasks as taking notes, but do not let these devices become distracting to you or others. Please do not check your email or view unrelated websites during class sessions. Be courteous and use common sense. The university classroom is an ideal place for you to check your own professional behaviors and demeanors and ability to collaborate with your peers.

NDNU SERVICES

Academic Success Center (ASC)

The Academic Success Center (ASC) is your one-stop learning hub for in-person and online support services, including 1-to-1 writing consultations for all NDNU writing assignments as well as job materials, online workshops and group appointments, 24/7 on-demand online subject tutoring

Notre Dame de Namur University
Program Director: Kelly Delaney
Email: kdelaney@ndnu.edu

through TutorMe, research guidance, academic advising, and interactive resources designed in collaboration with faculty to help you save time and avoid stress. The ASC is here to help you achieve your academic and professional goals. Access Handshake, NDNU's official job and internship portal, through the ASC. Thousands of employers are hiring students on Handshake. Once you fill in your career interests, you'll get personalized recommendations for jobs and events and direct outreach from employers interested in students like you - 80% of students with a complete Handshake profile get messaged by employers. All ASC services are included with your tuition and available even after you graduate! Access the [ASC site in Canvas](#) to see all the resources available, to schedule an appointment, or to contact us. Have a question? Just ASC!

Academic Advising and Success Coach

The Academic Advisor and Success Coach provides guidance as you put together a plan for completing your degree requirements, helps you register for classes, answers any other questions about academic policies and procedures. Check your NDNU students email regularly for drop-in hours, special events, and resources. While students are ultimately responsible for knowing their degree completion requirements, your Academic Advisor and Success Coach is a great resource and available to meet through multiple mediums (in-person, Zoom, Skype, FaceTime, Text messaging, iMessage, WeChat and telephone).

Plan to connect with them at least once each term (or more) to get their assistance with selecting, changing, adding, or dropping classes. Your program may require you to check in with your advisor during the advanced registration period. To fulfill this requirement, please email your advisor (academicadvising@ndnu.edu) or call them (650-508-3542) to schedule an online appointment (<https://calendly.com/ndnu>)

Disability Resource Center (DRC)

Students with disabilities, whether physical, learning, or psychological, who believe that they may need accommodations in this class are encouraged to contact the [Disability Resource Center](#) as soon as possible to ensure that such accommodations are implemented in a timely fashion. Students who are experiencing conditions that are temporarily disabling (*i.e., scheduled surgeries, hospitalizations, injuries, etc.*) are strongly encouraged to contact the DRC. Our desire is to assist you with managing the impact of these circumstances.

Please meet with the DRC staff through a virtual meeting in order to verify your eligibility for any classroom accommodations, and for academic assistance related to your disability. Accommodations are not provided retroactively. The DRC can be reached by email at DRC@ndnu.edu

Library

Part of the Academic Success Center, the Gellert Library is here to support your research needs. Students can use the online catalog to find academic peer-reviewed journal articles, ebooks, print materials, and more. The library website offers guides that can help with your research and learning how to use the library and its resources. For more personalized help, students can meet one-on-one with a librarian via Zoom. To connect with a librarian please contact asc@ndnu.edu or schedule an appointment on the library [homepage](#).

NDNU POLICIES

Academic Integrity

NDNU's core values include learning and integrity; values we live out in all areas of our learning community. Academic integrity means you are able to demonstrate your own knowledge and skills and receive feedback on your learning that can help you improve. If any words or ideas used in an assignment submission do not represent your original words or ideas, you must cite all relevant sources and make clear the extent to which such sources were used. Words or ideas that require citation include, but are not limited to, all hard copy or electronic publications, whether copyrighted or not, and all verbal or visual communication when the content of such communication clearly originates from an identifiable source. By taking responsibility for your own work and avoiding actions that could give you an unfair advantage over others, you are contributing to the NDNU learning community and developing professional skills and values that will serve you well into the future. Academic integrity is one of the most important values of a university community, and breaches of this trust have serious consequences. Please see the [Student Handbook](#) for a detailed discussion of Academic Conduct expectations.

Course Evaluation

Students are expected to complete and submit course evaluations, which will allow NDNU to improve the learning experience for students in each course and to maintain the quality of our academic programs. Each course evaluation will be available online through Campus Portal beginning two weeks prior to the end of the term and will close the Wednesday following the end of the term. Note: Course evaluation survey results are anonymous (do not identify individual student respondents) and will not be available to the instructor until after they have posted their grades. Directions: To access, please enable pop-ups in your browser (*uncheck pop-up blocker*), then in Campus Portal look for the "You have an active survey" link in the left sidebar. Click that link to open the Course Evaluation Surveys page, which has a link to a survey for each course in which you're enrolled. Your feedback is very important! Please complete your evaluations for all your courses promptly.

COVID-19

NDNU recommends employees and students working or learning on campus to be fully vaccinated [\[https://www.ndnu.edu/resources/covid-19-info/\]](https://www.ndnu.edu/resources/covid-19-info/). Employees and students may apply for an exemption based on medical reasons, disability, or firmly held religious belief. If you test positive, please contact HR (hr@ndnu.edu).

Email Communications

In accordance with the Family Education Rights and Privacy Act (FERPA) your instructors and the university will only send messages to students through your NDNU student email account, once that account has been established. Students must regularly check their student email account for important information from the university as well as information about class meetings and assignments. Issues with NDNU email accounts should be directed to the OIT Help Desk at helpdesk@ndnu.edu or (650) 508-3555.

Netiquette

All students are responsible for conducting themselves in all class communication modalities for the course (e.g., email, chat groups, blog posts, discussion forums, text messages, etc.) in a manner that facilitates the productive, respectful, and thoughtful exchange of ideas. You are encouraged to comment, question, or critique an idea but never to attack an individual. While varied perspectives and disagreements are encouraged, they should be rooted in fact or experience and never in bias. Be cognizant of cultural and linguistic backgrounds as well as different political and religious beliefs. All opinions and experiences, no matter how different or controversial they may be perceived, must be respected in the tolerant spirit of academic discourse. The standard for how you conduct yourself online should be one of promoting a safe, engaging, respectful, and collaborative environment where diversity of opinion is valued.

Recording of Class

No student may record any classroom activity without first obtaining express consent from the instructor. If you have (or think you may have) a disability such that you need to record classroom activities, you should contact NDNU's Disability Resource Center to request appropriate accommodations.

Course Assignment Requirements

<i>Assignment</i>	<i>Type</i>	<i>Points</i>
Observation Reflection (10/11/23)	Individual	10
Reading Assessment Report (11/8/23)	Individual	20
Common Core Literacy Standards Assignment (9/27/23)	Individual	5
Research Article Reflection (9/13/23, 10/4/23)	Individual	5 pts. each
Thematic Unit Lesson Plan (12/6/23)	Groups/Individual	40
Lesson Plan Scaffolds (9/20/23, 10/25/23, 11/1/23, 11/8/23, 11/15/23)	Individual	3 pts. each

All work must be typed, in 12-point font, and double-spaced unless otherwise directed by instructor. When citing sources, please use APA format and provide a reference list when appropriate. Paginate any paper of more than 2 pages and be sure your name and date are on the paper. Please proofread all work. Do not rely on spell check programs.

1. Required Field Experience (30 hours)

In addition to the two semesters of student teaching/internship, students are expected to observe and participate in a secondary classroom, preferably within their specific content area, ***in which reading and writing are integral and integrated***. If student teaching or intern placement is in a private or independent school, reading field experience must be in a public school. Students of 4410 must keep a log for this field experience and turn it in **at the end of the course**. The log should include the following for each observation: Date, class, time observed, and teacher name. You do not need to include any notes or reflections in the log. Please have the teacher(s) sign the log. **Due 12/6/23**

2. Attendance/Participation/Engagement

15 points

Regular and timely attendance at class is expected, and you should participate in discussions and class activities to receive maximum points in this category. Students are required to attend ALL scheduled class meetings (in-person or online); non-attendance will be considered in the grading process and reflected upon the course grade awarded. A student's attendance at school functions where the student is a student teacher, intern, or teacher of record may be excused with prior notification/approval for the instructor. Absences may also be excused for illness, last minute emergencies, bereavement, etc., but student must make arrangements with the instructor. Please note that for an excused absence, the student may receive credit for attendance but will need to turn in assignments due at that class and make up missed in-class activities that day.

3. Observation Reflection

10 points

Students will be required to complete an observation of a class in their content area. ***The lesson should include literacy/language instruction or a focus on literacy/language***. Students should complete a two-page observation detailing 1) what you observed with regard to the literacy/language instruction, and 2) reflection on how what you observed could benefit your teaching. Students currently student teaching can observe their master teachers or other teachers at their school site. Students who are interns need to observe teachers in their content areas. **Due 10/11/23.**

4. Common Core Literacy Standards Assignment

5 points

Review the Common Core Literacy Standards most relevant to your subject area (ELA; History/Social Studies; or Science, & Technical Subjects), and identify which standards are most central in your content area. Explain why the standards are the most central, and discuss how you will apply these standards in your teaching. This assignment should be between 1½ and 2 pages, double-spaced. **Due 9/27/23**

5. Research Article Reflections

10 points

Read two research articles ***related to reading and literacy***. The articles should be related to your content area and/or to the student population you are/will be teaching. Include the following in your reflections: 1) Brief summary of the research article, and 2) reflection on the

readings and discussion of the ways in which you can apply the strategies and techniques with students in your content area. These assignments should be between 1½ and 2 pages, double-spaced. Research articles can be found on the Internet connected to organizations in individual content areas (see list on page 4). You can find other research articles from prominent periodical journals (e.g., Journal of Adolescent and Adult Literacy, Review of Educational Research, Phi Delta Kappa, Journal of Educational Psychology, etc.) **Due 9/13/23 and 10/4/23.**

6. Reading Assessment Report

20 points

Assignment: Conduct an informal reading inventory and miscue analysis with a student who appears to be struggling with reading. Analyze the miscues along with student responses and reading behaviors and prepare a two-page report of your findings, together with perceived strengths and needs of the student, and some suggestions for strategies that might be support the student's growth in literacy. **Informal Reading Inventory (IRI) completed by 10/18/23. Reading assessment reports due 11/8/23.**

Complete the following steps:

1. Optional: Administer the Reading Attitude Survey or Reader Self-Perception Scale.
2. Use either the reading level you already have for the student (provided by the school or district), or administer the San Diego Quick Assessment to determine approximate reading level.
3. Administer an informal reading inventory. Use a Qualitative Reading Inventory passage (will be provided).
4. Analyze the student's miscues. You may use the chart (will be provided).
5. Analyze the student's retelling of the passage and responses to the comprehension questions.
6. Prepare your report, including the following:
 - Background information about the student
 - Summary of your assessment method and results
 - Analysis of results
 - Recommendations for improvement in reading

In addition, see the sample report, which will be provided.

7. Thematic Unit Lesson Plan

40 points

Final products:

- **Group unit plan outline**
- **Individual formal lesson plan (with accompanying text and class materials)**

The instructor will assign groups. Each group will choose a topic that relates to the various subject areas represented in the group. The group will decide on an essential question related to the topic and create a unit plan outline around this essential question (template will be provided).

Each group member will plan a lesson related to the essential question and to the group member's content area. Individual lessons **should be focused on a text** and contain the following elements:

- Content-area standards/objectives and instruction
- A **strategy to build or activate knowledge before reading the text**, introducing the text and/or assessing background knowledge (e.g., anticipation guide, cloze passage, previewing/predicting)
- A **vocabulary lesson, strategy, or activity** that will aid students in comprehension of the text
- A **graphic organizer** to aid students in comprehension of the text
- Instruction in reading a discipline-specific text, including the use of a **close reading or comprehension strategy OR text-dependent questions**
- A **strategy for listening and speaking** to aid students in comprehension of the text

Each group will prepare a 3- to 5-minute presentation summarizing your unit (introduction, individualized lessons, closure).

Each individual will prepare a ~20-minute segment or condensed version of your lesson for presentation to the class.

Submit a unit plan outline (one per group), formal lesson plan (one per group member), and all texts and materials that accompany the lesson plan.

Due 12/6/23

***Thematic Unit Scaffolds:** To scaffold the planning of the thematic unit plan and individual lesson plan, complete and bring to class drafts of five components of your lesson plan noted above. The purpose of submitting these scaffolds is to obtain feedback from the instructor prior to turning in the final lesson plan. The idea is not for these to be additional assignments but for them to be a way for you to make sure you are on the right track for your final lesson plan.*

Due 9/20/23, 10/25/23, 11/1/23, 11/8/23, and 11/15/23 – 3 points each

All assignments should be submitted in Canvas.

Assignments turned in more than one week late may not receive credit.

Catalog Course Descriptions

- **EDU 4345:** Continuing candidates are provided with an opportunity to reflect upon and improve the field experience. Candidates are encouraged to discuss problems and reactions to their field experiences. Normally, at least one-half of the class is focused on candidates' concerns. CalTPA is the focus of this course.
- **EDU 4445:** Continuing candidates are provided with an opportunity to reflect upon and improve the field experience. Candidates are encouraged to discuss problems and reactions to their field experiences. Normally, at least one-half of the class is focused on candidates' concerns. Preparation of a professional portfolio is required for both Multiple Subject and Single Subject candidates.
- **EDU 4446:** Candidates are provided with an opportunity to continue to reflect upon and improve their field experience. Candidates are encouraged to discuss problems and reactions to their field experiences. Normally at least one-half of the class is focused on the candidates' concerns. May be repeated for credit. Prerequisite: EDU 4442 OR EDU 4445.

Course Overview. This weekly seminar provides an opportunity for student and intern teachers to deepen their understanding of teaching through ongoing reflection and discussion of their successes and challenges as they complete their second student teaching placement. The class provides a forum for addressing and sharing each participant's weekly experiences with other teacher candidates. The seminar requires students to discuss and reflect on methods, strategies, assessments, student work, and curriculum organization as they grow in their pedagogical skills. Students will practice *assessment and reflection* as an integral part of professional growth.

In this final semester of student teaching, candidates will complete and submit their CalTPA Cycle 2. This TPA provides evidence of teaching competence consisting of artifacts documenting teaching and learning during a learning segment lasting approximately one week. It includes commentaries explaining, analyzing, or reflecting on the artifacts. In constructing their Cycle 2, candidates will apply what they have learned from their coursework about research, theory, and strategies related to teaching and learning. The purpose of the TE is to demonstrate readiness for a full-time classroom teaching assignment. It is aligned with the California Standards for the Teaching Profession, the Teaching Performance Expectations (TPE), and the relevant California student academic content standards and/or curriculum frameworks.

Course delivery is accomplished in a combination of ways in order to meet the needs of all learners and learning styles. Pedagogical approaches include the following (examples shown in parentheses):

- Presentations (lectures assisted by PowerPoint or other visuals)
- Discussions (students actively engaged in discussing course content)
- Cooperative learning (small team structure emphasizing learning from and with others)

This seminar format requires the active and respectful participation of all students. As an experiential course, it is structured around discussion and small team activities. Therefore, it is critical that all students keep up with the readings, submit their weekly assignments on time, and actively participate in class.

Learning Outcomes:

Teacher Candidates will be able to:	Universal TPEs

NDNU Hallmarks. As one of the learning communities of Notre Dame de Namur, NDNU adheres to seven hallmarks that describe the essential characteristics, values, and activities of all its learning communities. The overarching theme for this semester's course connects to the following hallmark: We develop holistic learning communities which educate for life (Hallmark Seven). For more information on the Notre Dame de Namur hallmarks, see <https://www.ndnu.edu/about-ndnu/>. Please also note "We acknowledge that Notre Dame de Namur University sits on the unceded ancestral homeland of the Ramaytush Ohlone who are the original peoples of the San Francisco Peninsula. We recognize that we benefit from living and working on their traditional homeland, and we affirm their sovereign rights as first peoples."

Readings and Coursework. All required readings, including CalTPA-related documents, will be embedded into this syllabus. Look for the appropriate links in the "Course Meeting Schedule" as well in your Canvas Assignments

Course Evaluation. Grades for this course are as follows:

A+ 100% and above	A 93 - 99%	A- 90 - 92%
B+ 88 - 89%	B 83 - 87%	B- 80 - 82%

A grade of B- or better is required for this course according to the course catalog and handbook. Thus any grade 79% and below in this course is considered a failing grade. Evaluation is given to the following major requirements:

1. Attendance, Participation, & Weekly Exit Tickets: **50% of the course grade.**
2. University Supervisor Report: **50% of the course grade.**

All work is due on the dates listed in the "Course Meeting Schedule" section of this syllabi for the opportunity to earn full credit. All work must be submitted electronically on the assigned sections of Canvas (email attachments are accepted if having technical issues with Canvas). When citing sources, please use APA format and provide a reference list when appropriate. Please proofread all the work. Do not rely only on spell check programs. **The last day for any work to be considered for late/partial credit is December 16, 2023.**

Course Requirements.

1. Attendance, Participation, & Weekly Exit Tickets: Students are expected to attend **ALL** class sessions. Students who miss more than one class session can expect a lowered course grade in the following manner: A to A-; A- to B+, etc. A student's attendance at school functions where the student is either a student teacher or an intern may be excused as long as the student provides documented evidence to the instructor (please note that by doing so, the student may receive credit for attendance but not for any in-class activities that day). Students are also expected to

participate actively in every session, by critically analyzing, asking questions, making observations about the readings, and submitting online assignments in a timely manner. A student may be excused from attending one class session but only with documented evidence to the instructor.

Every week there are exit ticket questions that you will need to complete in Canvas EDU 4345/4445.

2. **University Supervisor Report:** The University Supervisor will inform the instructor of the student/intern teacher's assignment and final grade. Please be aware that K-12 school calendars do not align with NDNU academic calendar, and as such students must remain at their schools to the last date as stated in their teaching assignments.

Average Student Workload Expectations. Typically, a 4-unit graduate course entails 240 hours of student engagement over the semester, or 4 hours of in-class time and roughly 12 hours of outside-class time per week for a 15-week course. Because this course includes student teaching off-site, in-class time is modified accordingly. Thus the assignments are made in accordance with this expectation.

CalTPA Connection. In order for our students to have the best possible preparation for successful submission of their CalTPA, each course in the NDNU credential program will provide a connection to this TPA requirement. We encourage students to integrate the assignments given to them by their course instructors as part of their overall CalTPA portfolio. For both seminar (EDU 4345/4445/4446) and CalTPA support classes (EDU 4886, section 2), CalTPA Cycle 2 in its entirety is integrated in this course.

SERVICES

Academic Success Center (ASC). The Academic Success Center (ASC) is your one-stop learning hub for in-person and online support services, including 1-to-1 writing consultations for all NDNU writing assignments as well as job materials, online workshops and group appointments, 24/7 on-demand online subject tutoring through TutorMe, research guidance, academic advising, and interactive resources designed in collaboration with faculty to help you save time and avoid stress. The ASC is here to help you achieve your academic and professional goals. Access Handshake, NDNU's official job

and internship portal, through the ASC. Thousands of employers are hiring students on Handshake. Once you fill in your career interests, you'll get personalized recommendations for jobs and events and direct outreach from employers interested in students like you - 80% of students with a complete Handshake profile get messaged by employers. All ASC services are included with your tuition and available even after you graduate! Access the ASC site in Canvas to see all the resources available, to schedule an appointment, or to contact us. Have a question? Just ASC!

Academic Advising and Success Coach. The Academic Advisor and Success Coach provides guidance as you put together a plan for completing your degree requirements, helps you register for classes, answers any other questions about academic policies and procedures. Check your NDNU students email regularly for drop-in hours, special events, and resources. While students are ultimately responsible for knowing their degree completion requirements, your Academic Advisor and Success Coach is a great resource and available to meet through multiple mediums (in-person, Zoom, Skype, FaceTime, Text messaging, iMessage, WeChat and telephone). Plan to connect with them at least once each term (or more) to get their assistance with selecting, changing, adding, or dropping classes. Your program may require you to check in with your advisor during the advanced registration period. To fulfill this requirement, please email your advisor, academicadvising@ndnu.edu, or call them (650-508-3542) to schedule an online appointment (<https://calendly.com/ndnu>)

Disability Resource Center (DRC). Students with disabilities, whether physical, learning, or psychological, who believe that they may need accommodations in this class are encouraged to contact the Disability Resource Center as soon as possible to ensure that such accommodations are implemented in a timely fashion. Students who are experiencing conditions that are temporarily disabling (i.e., scheduled surgeries, hospitalizations, injuries, etc.) are strongly encouraged to contact the DRC. Our desire is to assist you with managing the impact of these circumstances. Please meet with the DRC staff through a virtual meeting in order to verify your eligibility for any classroom accommodations, and for academic assistance related to your disability. Accommodations are not provided retroactively. The DRC can be reached by email at DRC@ndnu.edu.

Library. Part of the Academic Success Center, the Gellert Library is here to support your research needs. Students can use the online catalog to find academic peer-reviewed journal articles, ebooks, print materials, and more. The library website offers guides that can help with your research and learning how to use the library and its resources. For more personalized help, students can meet one-on-one with a librarian via Zoom. To connect with a librarian please contact asc@ndnu.edu or schedule an appointment on the library homepage.

POLICIES

Academic Integrity. NDNU's core values include learning and integrity; values we live out in all areas of our learning community. Academic integrity means you are able to demonstrate your own knowledge and skills and receive feedback on your learning that can help you improve. If any words or ideas used in an assignment submission do not represent your original words or ideas, you must cite all relevant sources and make clear the extent to which such sources were used. Words or ideas that require citation include, but are not limited to, all hard copy or electronic publications, whether copyrighted or not, and all verbal or visual communication when the content of such communication clearly originates from an identifiable source. By taking responsibility for your own work and avoiding actions that could give you an unfair advantage over others, you are contributing to the NDNU learning community and developing professional skills and values that will serve you well into the future. Academic integrity is one of the most important values of a university community, and breaches of this trust have serious consequences. Please see the Student Handbook for a detailed discussion of Academic Conduct expectations.

Course Evaluation. Students are expected to complete and submit course evaluations, which will allow NDNU to improve the learning experience for students in each course and to maintain the quality of our academic programs. Note: Course evaluation survey results are anonymous (do not identify individual student respondents) and will not be available to the instructor until after they have posted their grades. **Teaching Effectiveness Surveys.** Surveys will be available online through the Campus Portal 2 weeks prior to the end of the semester and will close the Wednesday following the end of the term.. Your feedback regarding courses and faculty is especially important to NDNU, to your faculty, and to me as the instructor for this course. Your feedback helps us to review and improve their teaching, helps for department and programs review to improve program content, and is used by the university in making decisions about tenure, promotion, and hiring decisions for part-time faculty. **Directions:** To access, please enable pop-ups in your browser (uncheck pop-up blocker), then in Campus Portal look for the "You have an active survey" link in the left sidebar. Click that link to open the Course Evaluation Surveys page, which has a link to a survey for each course in which you are enrolled. Your feedback is particularly important! Please complete your evaluations for all your courses promptly. Remember: Your responses are anonymous and are not available to faculty until after course grades are posted.

COVID-19. NDNU recommends employees and students working or learning on campus to be fully vaccinated [<https://www.ndnu.edu/resources/covid-19-info/>]. Employees and students may apply for an exemption based on medical reasons, disability, or firmly held religious belief. If you test positive, please contact HR (hr@ndnu.edu).

Email Communications. In accordance with the Family Education Rights and Privacy Act (FERPA) your instructors and the university will only send messages to students through your NDNU student email account, once that account has been established. Students must regularly check their student email account for important information from the university as well as information about class meetings and assignments. Issues with NDNU email accounts should be directed to the OIT Help Desk at helpdesk@ndnu.edu or (650) 508-3555.

Netiquette. All students are responsible for conducting themselves in all class communication modalities for the course (e.g., email, chat groups, blog posts, discussion forums, text messages, etc.) in a manner that facilitates the productive, respectful, and thoughtful exchange of ideas. You are encouraged to comment, question, or critique an idea but never to attack an individual. While varied perspectives and disagreements are encouraged, they should be rooted in fact or experience and never in bias. Be cognizant of cultural and linguistic backgrounds as well as different political and religious beliefs. All opinions and experiences, no matter how different or controversial they may be perceived, must be respected in the tolerant spirit of academic discourse. The standard for how you conduct yourself online should be one of promoting a safe, engaging, respectful, and collaborative environment where diversity of opinion is valued.

Recording of Class. No student may record any classroom activity without first obtaining express consent from the instructor. If you have (or think you may have) a disability such that you need to record classroom activities, you should contact NDNU's Disability Resource Center to request appropriate accommodations.

Course Meeting Schedule

NOTE: The instructor reserves the right to make changes in the syllabus. The actual dates on which these sessions occur may be changed during the semester but not without advance notification. Unless otherwise noted, class meetings will be online at the InSpace link located in your **Canvas account EDU 4445-2**.

NOTRE DAME de NAMUR UNIVERSITY

EDU 4342/4442 Student/Intern Teaching Seminar I

Fall 2023

Tuesdays 430-630 PM, St Mary's 117

Instructor: Kelly Delaney, Ed.D
Office Hours: by appointment, St. Mary's 210
Phone: 650.508.3702
E-mail: kdelaney@ndnu.edu

Course Description

This weekly seminar provides an opportunity for student and intern teachers to deepen their understanding of teaching through ongoing reflection and discussion of their successes and challenges as they begin their first student teaching or intern placement. The class provides a forum for addressing and sharing each participant's experiences with other teacher candidates and the instructor, with the goal

of problem-solving issues that arise in real classrooms. The seminar requires students to discuss, analyze and reflect on methods, strategies, assessments and curriculum organization as they grow in their pedagogical skills. The goal of this class is to help student teachers to become reflective practitioners who continually improve their teaching practice.

NDNU Hallmarks

Hallmarks are the essential **characteristics, values** and **activities** of a Notre Dame learning community. Hallmarks two through seven will be addressed in this course:

- ***We honor the dignity and sacredness of each person.*** Through developing working relationships with the students we serve, we will honor each student's personhood as we support them in the learning process.
- ***We educate for and act on behalf of justice and peace in the world.*** Through creating lesson plans imbued with subject matter content and multicultural theory, we are ensuring that every student has equity and access to a supportive educational experience.
- ***We commit ourselves to community service.*** By engaging with students in our local community through education, we are committed to community service.
- ***We embrace the gift of diversity.*** We embrace the opportunity to teach students from pluralistic backgrounds in a diverse schools and neighborhood communities. By engaging in a diversity experience, we will connect key course learnings to ideas, beliefs, traditions, or cultural artifacts that are different from our own.
- ***We create community among those with whom we work and with those we serve.*** We work collaboratively with pre-service teaching colleagues, master teachers, professors and students by creating a caring learning community where each person is valued.
- ***We develop holistic learning communities which educate for life.*** Teaching students subject matter content and building our own pedagogical knowledge strengthen our professional teaching relationships.

Course Evaluations/Teaching Effectiveness Surveys

Teaching Effectiveness Surveys (course evaluations) will be available online through Campus Portal. Your feedback regarding courses and faculty is very important to Notre Dame de Namur University, to your faculty, and to me as the instructor for this course. Your feedback helps us review and improve their teaching, helps departments/programs review and improve program content, and is used by the university in making decisions about tenure, promotion, and hiring decisions for part-time faculty.

Directions

To access, please enable pop-ups in your browser (uncheck pop-up blocker), then in Campus Portal look for the "***You have an active survey***" link in the left sidebar. Click that link to open the Course Evaluation Surveys page, which has a link to a survey for each course in which you're enrolled. Your feedback is very important! Please complete your evaluations for all your courses promptly. Remember: Your responses are anonymous.

CalTPA Connection. In order for our students to have best possible preparation for successful submission of their CalTPA, each course in the NDNU credential program will provide a connection to this TPA requirement. We encourage students to integrate the assignments given to them by their course instructors as part of their overall CalTPA portfolio. For this course, the following assignments are used to integrate into the CalTPA portfolio:

Average Student Workload Expectations

Typically, a 4-unit graduate course entails 240 hours of student engagement over the semester, or 4 hours of in-class time and roughly 12 hours of outside-class time per week for a 15-week course. Because this course includes student teaching off-site, in-class time is modified accordingly and course assignments are made to align with this expectation.

Estimated Workload Distribution:	Hours in Class/Supervisor Meetings	22
	Assignments	20
	Student Teaching	225

Communication

Instructor will send regular messages to students in this course through NDNU student email accounts. Students must regularly check their student email account for important information about class meetings and assignments. Issues with NDNU email accounts should be directed to OIT at 508-3555 or helpdesk2@ndnu.edu.

Students with Academic Challenges

If you have a learning disability or other circumstance that requires accommodations in this class, you must bring it to the attention of Disability Services to arrange for possible accommodations. The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities (e.g. mental health, attentional, learning, chronic health, sensory, or physical) be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please contact the Disability Resource Center (DRC) as soon as possible. Accommodations are not provided retroactively. The Disability Resource Center can be contacted by email at DRC@ndnu.edu or by phone at 650-508-3670.

Library

The Gellert Library is here to support your research needs. Students can use the online catalog to find academic journal articles, ebooks, ad print books available through curbside pickup, as well as streaming films and popular newspapers such as The New York Times and The Wall Street Journal. The library website hosts a number of guides that can help with your research and learning how to use the

library and its resources. For more personalized help, students can meet one-on-one with a librarian via Zoom. To connect with a librarian please contact library@ndnu.edu or schedule an appointment on the library homepage.

Academic Success Center (ASC)

The ASC is your one-stop learning hub for in-person and remote support services, including personalized writing tutoring for all NDNU writing assignments as well as job materials, interactive workshops to equip you with the tools to achieve academic and professional success, and 24/7 on-demand subject-specific tutoring through TutorMe. Additionally, the ASC Canvas site offers resources to help you save time and avoid stress. Access the ASC Canvas site to see all of the resources available, to contact us or to schedule an appointment. Have a question? *Just ASC!*

Course Requirements

Privacy, Confidentiality & Behavior

The themes and discussion in this course require a high level of engagement, professionalism, respect and discretion. Due to the sensitive nature of the work, and the fact that participants must make personal and professional connections in order to participate meaningfully, it is important that students maintain the privacy of those with whom they interact outside of our classroom as well as those within our classroom. So do not share someone else's business.

Also please be mindful that everyone is at a different point in her or his journey. All of us must listen respectfully, speak truthfully, expect and embrace discomfort, and be mindful of the feelings of others. Open dialogue is critical to the work we will do in this class, and this requires a high level of engagement with and awareness of others.

As this class requires a high level of engagement and participation, students must participate constructively and actively in all class discussions and activities. Regarding electronic devices (such as laptops, cell phones, etc.), please be respectful of your peers and your instructors and do not engage in activities that are unrelated to class. Such disruptions show a lack of professionalism and will negatively impact your participation grade.

ZOOM Etiquette

This is a graduate level class and you are working toward state certification as a professional educator. As such, professional standards are required for all class meetings. These include but are not limited to, professional dress, environment and behavior—both toward the instructor and peers. You are expected to have your camera on at all times, unmute your microphone, and participate in both whole class and small group discussions. You are responsible for establishing an environment that is respectful of your peers and that includes being

mindful of changes in a professional manner. You will be working with students in this same environment and remember that every day is a potential job interview, so be thoughtful at all times.

Academic Honesty

Students are expected to uphold all standards of academic honesty. Cheating, plagiarism, false citations, and the submission of false data are all inexcusable at the graduate level and seriously undermine academic scholarship as a whole.

Assignments & Grading

Technical Considerations

All papers must be typed, double-spaced, 12-point Times New Roman font with 1-inch margins. All citations, whether in-text or in a reference list, must follow APA guidelines. For tips about APA formatting visit <http://owl.english.purdue.edu/owl/resource/560/02/> . Late assignments will not be accepted.

Attendance & Participation 50 points

Students must attend orientation and ALL in-class meetings and participate in whole class and small group activities appropriately. Students who miss one or two class sessions will receive a lower grade, regardless of the reason. Students who miss more than two class sessions will fail the course and have to repeat student/intern teaching seminar. Excused absences include attendance at school functions where the student is either a student teacher or an intern or an illness or family bereavement where documentation is provided. Students should schedule school activities around seminar sessions and other classes at NDNU. Student teaching/interning is NOT an excuse to be regularly tardy or absent from seminar or other classes. Teachers always have lots of competing demands on their time, and balancing those demands and learning to manage time wisely is one of the most important challenges that must be learned in order to pass student teaching.

University Supervisor Report 250 points

(U 1.1, 1.3, 1.4, 1.5, 1.6, 1.7, 2.1, 2.2, 2.3, 2.5, 2.6, 3.1, 3.2, 3.3, 3.5, 3.6, 4.1, 4.2, 4.3, 4.4, 4.5, 4.7, 4.8, 5.1, 5.2, 5.5, 5.7, 5.8, 6.1, 6.2, 6.3, 6.5 PA)

(U 3.4, 3.7, 3.8, 4.6, 5.3, 5.4, 5.6, 6.4, 6.7 P)

(M 1.2, 1.3, 1.4, 1.6, 1.7, 2.8, 2.8, 2.10, 3.1, 4.2, 4.4, 5.2, 6.1, 6.2 PA)

(M 4.6, 4.7, 6.3 P)

(E 1.4, 1.5, 2.3, 3.2, 5.3 P)

(E 4.1, 5.1, 6.1 PA)

A final report and recommendation from your University Supervisor comprises 50% of your course grade. This will be based on the professional behavior checklist, mid-term and final evaluations, as well as attendance, performance and feedback from the cooperating

teacher and other school site personnel. Supervisors will be looking to see growth over the course of the semester and willingness to accept and implement feedback along with other criteria outlined in evaluative documents. The University Supervisor will inform the instructor comments on student/intern teacher's assignment and final grade. Please be aware that K-12 school calendars do not align with the NDNU academic calendar, and as such students must remain at their schools to the last date as stated in their teaching assignments. A grade of "IP" will be issued until the teaching assignment is completed and the University Supervisor provides a completed evaluation and grade.

Readings & Discussion 100 points

(U 1.1, 1.2, 1.3, 1.4, 1.5, 1.6, 1.7, 2.1, 2.2, 2.3, 2.4, 2.5, 2.6, 3.1, 3.2, 3.3, 3.5, 3.6, 3.7, 3.8, 4.1, 4.2, 4.3, 4.4, 4.7, 4.8, 5.1, 5.2, 5.3, 5.4, 5.5, 5.6, 5.7, 5.8, 6.1, 6.2, 6.3, 6.4, 6.5, 6.6, 6.7 P)
(M 1.1, 1.3, 1.5, 1.7, 2.4, 2.8, 2.10, 3.1, 4.2, 4.6, 4.7, 5.1, 5.2, 5.3, 6.1, 6.2, 6.3 P)
(E 1.5, 2.3, 3.2, 4.1, 5.1, 5.3, 6.1 P)

Students must complete the assigned reading by the dates listed on the syllabus and be prepared to discuss it during class. Failure to be prepared will result in a drop in points for each time this happens. A textbook will be on reserve in the library for those who need access to it in case shipping of books is delayed. This copy must stay in the library so all students have access to it.

Observation Hours Log, Discussion & Artifact Show & Tell 100 points

(U 1.1, 1.3, 1.4, 1.5, 1.6, 1.7, 1.8, 2.1, 2.3, 2.4, 2.5, 2.6, 3.4, 3.7, 3.8, 4.2, 4.3, 4.4, 4.5, 4.6, 4.7, 4.8, 5.1, 5.3, 6.1, 6.2, 6.3 P)
(M 1.3, 1.7, 2.4, 2.8, 2.9, 2.10, 3.1, 4.2, 4.6, 4.7, 5.2, 6.1 P)
(E 1.4, 2.3, 3.2, 4.1, 5.3, 6.1P)

During semesters of fieldwork (student teaching/interning), students must spend 20 hours observing other veteran teachers. This should add up to 40 hours over the course of two semesters. For student teachers, this can be done any time that does not interfere with your student teaching hours. For interns, this can be done on prep periods, holidays, or on pre-determined work/prep days. All students should talk to classmates and colleagues who may have different holiday/PD days than your assigned school.

Students should observe in a range of settings and schools. Begin with your own subject area. Literacy in ELA or other subjects should also be a priority. Observe other subject areas in your same grade level at your assigned school. For example, once you have decided on focus students, try to observe them in other classes to see what is working or not for them in other classes. Observe your same

subject/grade level in another school or district. Observe your subject area in other grades/schools/districts. Observe teachers that you have been told are excellent in their field (even if that isn't your subject area).

The goal of this assignment is to observe the widest range possible of teachers working in the field so that students can see examples of as many good models of teaching as possible. If you end up watching someone who does not turn out to be a very good model, that is ok, we can learn from watching bad teachers as well. But try to see good ones whenever possible. The goal is to improve your own teaching practice, so you should be watching and taking notes with the intention of figuring out what things the teachers are doing that you could use in some way in your own classroom.

We will discuss these observations in class and you will be required to share specific things you have learned and how you have implemented them into your own lessons and classroom. Learning from each other is a very important best practice of all strong teachers. And if you are going to have longevity in the profession, you will need to know how to watch someone else and adapt their best ideas to your classroom context.

There are several parts to this assignment.

1. You will keep an hours log showing that you observed for 20+ hours in various classrooms.
2. You will discuss these observations multiple times during seminar with classmates.
3. You will present specifics about what you have borrowed from other teachers in a more formal presentation that includes a tangible artifact of some kind.

Show & Tell presentations: you will need to show and explain specific strategies that you saw in other classes and explain/show how you adapted them for your classroom. This can either be graphic organizers, projects, readings, apps, videos, materials, or instructional strategies that you re-used or adapted for your classroom. You will need to give credit to the teacher who gave you the idea and then explain/show how you adapted it for your classroom. You will also need to have a tangible artifact to show in class of some kind so that classmates might also be able to use this approach in their classrooms. Assignment graded based on completion: 100% or 0.

NDNU Hallmarks. As one of the learning communities of Notre Dame de Namur, NDNU adheres to seven hallmarks that describe the essential characteristics, values, and activities of all its learning communities. The overarching theme for this semester's course connects to the following hallmark: We develop holistic learning communities which educate for life (Hallmark Seven). For more information on the Notre Dame de Namur hallmarks, see <https://www.ndnu.edu/about-ndnu/>. Please also note "We acknowledge that Notre Dame de Namur University sits on the unceded ancestral homeland of the Ramaytush Ohlone who are the original peoples of the San Francisco Peninsula. We recognize that we benefit from living and working in their traditional homeland, and we affirm their sovereign rights as first peoples."

Readings and Coursework. All required readings, including CalTPA-related documents, will be embedded into this syllabus. Look for the appropriate links in the "Course Meeting Schedule" as well in your Canvas Assignments.

Course Evaluation. This course is graded on a pass/no pass basis. To earn full credit and a pass grade, you must do the following: (1) Attend all class meetings, (2) Submit all CalTPA Drafts on time, and (3) Submit proof of CalTPA submission to Pearson by the deadlines listed below in "Course Requirements."

Course Requirements.

1. Class Meetings: Attend all mandatory class meetings and individual meetings when scheduled by your instructor. Since as a class we do not meet every Tuesday, some free Tuesdays may be taken by individual meetings between a student and instructor for individualized CalTPA feedback. Please refer to the dates listed below in the "Course Meeting Schedule" section on specific class dates.
2. Drafts of CalTPA Cycle 2, Steps 1 to 4: Provide draft versions for each of the following forms by the assigned deadlines stated later in this syllabus (see schedule outline). You will submit them in our Google Classroom "Classwork" tab. For your reference, all the Cycle 2 parts are located below:
 - a. [Part A: Written Narrative Contextual Information](#)
 - b. [Part B: Learning Segment Template](#)
 - c. [Part C: Written Narrative Assessment Descriptions](#)
 - d. [Part D: Description/Blank Copies Informal Assessment](#) (read pages 13-15 for directions)

3. ***Proof of CalTPA Submission:*** Please email or upload onto your Canvas your proof of CalTPA submission, such as screenshot or PDF email receipt. ***Please note that your grade will be listed as “In Progress” (IP) to allow you to submit your CalTPA to Pearson by the following deadlines: January 18, 2024 (Fall semester cohort); May 31 2024 (Spring semester cohort).*** Exceptions to these deadlines are made with valid documentation (such as medical issues, personal emergency) to the instructor. ***Otherwise, if you do not show evidence of CalTPA submission by this deadline , you will receive a grade of “no pass” reported to the registrar's office.***

CalTPA Connection. In order for our students to have the best possible preparation for successful submission of their CalTPA, each course in the NDNU credential program will provide a connection to this TPA requirement. We encourage students to integrate the assignments given to them by their course instructors as part of their overall CalTPA portfolio. For both seminar (EDU 4345/4445/4446) and CalTPA support classes (EDU 4886, section 2), CalTPA Cycle 2 in its entirety is integrated in this course.

SERVICES

Academic Success Center (ASC). The Academic Success Center (ASC) is your one-stop learning hub for in-person and online support services, including 1-to-1 writing consultations for all NDNU writing assignments as well as job materials, online workshops and group appointments, 24/7 on-demand online subject tutoring through TutorMe, research guidance, academic advising, and interactive resources designed in collaboration with faculty to help you save time and avoid stress. The ASC is here to help you achieve your academic and professional goals. Access Handshake, NDNU’s official job and internship portal, through the ASC. Thousands of employers are hiring students on Handshake. Once you fill in your career interests, you’ll get personalized recommendations for jobs and events and direct outreach from employers interested in students like you - 80% of students with a complete Handshake profile get messaged by employers. All ASC services are included with your tuition and available even after you graduate! Access the ASC site in Canvas to see all the resources available, to schedule an appointment, or to contact us. Have a question? Just ASC!

Academic Advising and Success Coach. The Academic Advisor and Success Coach provides guidance as you put together a plan for completing your degree requirements, helps you register for classes, answers any other questions about academic policies and procedures. Check your NDNU students email regularly for drop-in hours, special events, and resources. While students are ultimately responsible for knowing their degree completion requirements, your Academic Advisor and Success Coach is a great resource and available to meet through multiple mediums (in-person, Zoom, Skype, FaceTime, Text messaging, iMessage, WeChat and telephone). Plan to connect with them at least once each term (or more) to get their assistance with selecting, changing, adding, or dropping classes. Your program may require you to check in with your advisor during the advanced registration

period. To fulfill this requirement, please email your advisor, academicadvising@ndnu.edu, or call them (650-508-3542) to schedule an online appointment (<https://calendly.com/ndnu>)

Disability Resource Center (DRC). Students with disabilities, whether physical, learning, or psychological, who believe that they may need accommodations in this class are encouraged to contact the Disability Resource Center as soon as possible to ensure that such accommodations are implemented in a timely fashion. Students who are experiencing conditions that are temporarily disabling (i.e., scheduled surgeries, hospitalizations, injuries, etc.) are strongly encouraged to contact the DRC. Our desire is to assist you with managing the impact of these circumstances. Please meet with the DRC staff through a virtual meeting in order to verify your eligibility for any classroom accommodations, and for academic assistance related to your disability. Accommodations are not provided retroactively. The DRC can be reached by email at DRC@ndnu.edu.

Library. Part of the Academic Success Center, the Gellert Library is here to support your research needs. Students can use the online catalog to find academic peer-reviewed journal articles, ebooks, print materials, and more. The library website offers guides that can help with your research and learning how to use the library and its resources. For more personalized help, students can meet one-on-one with a librarian via Zoom. To connect with a librarian please contact asc@ndnu.edu or schedule an appointment on the library homepage.

POLICIES

Academic Integrity. NDNU's core values include learning and integrity; values we live out in all areas of our learning community. Academic integrity means you are able to demonstrate your own knowledge and skills and receive feedback on your learning that can help you improve. If any words or ideas used in an assignment submission do not represent your original words or ideas, you must cite all relevant sources and make clear the extent to which such sources were used. Words or ideas that require citation include, but are not limited to, all hard copy or electronic publications, whether copyrighted or not, and all verbal or visual communication when the content of such communication clearly originates from an identifiable source. By taking responsibility for your own work and avoiding actions that could give you an unfair advantage over others, you are contributing to the NDNU learning community and developing professional skills and values that will serve you well into the future. Academic integrity is one of the most important values of a university community, and breaches of this trust have serious consequences. Please see the Student Handbook for a detailed discussion of Academic Conduct expectations.

Course Evaluation. Students are expected to complete and submit course evaluations, which will allow NDNU to

Notre Dame de Namur University
Program Director: Kelly Delaney
Email: kdelaney@ndnu.edu

improve the learning experience for students in each course and to maintain the quality of our academic programs. Note: Course evaluation survey results are anonymous (do not identify individual student respondents) and will not be available to the instructor until after they have posted their grades. **Teaching Effectiveness Surveys.** Surveys will be available online through the Campus Portal 2 weeks prior to the end of the semester and will close the Wednesday following the end of the term.. Your feedback regarding courses and faculty is especially important to NDNU, to your faculty, and to me as the instructor for this course. Your feedback helps us to review and improve their teaching, helps for department and programs review to improve program content, and is used by the university in making decisions about tenure, promotion, and hiring decisions for part-time faculty. **Directions:** To access, please enable pop-ups in your browser (uncheck pop-up blocker), then in Campus Portal look for the “You have an active survey” link in the left sidebar. Click that link to open the Course Evaluation Surveys page, which has a link to a survey for each course in which you are enrolled. Your feedback is particularly important! Please complete your evaluations for all your courses promptly. Remember: Your responses are anonymous and are not available to faculty until after course grades are posted.

COVID-19. NDNU recommends employees and students working or learning on campus to be fully vaccinated [<https://www.ndnu.edu/resources/covid-19-info/>]. Employees and students may apply for an exemption based on medical reasons, disability, or firmly held religious belief. If you test positive, please contact HR (hr@ndnu.edu).

Email Communications. In accordance with the Family Education Rights and Privacy Act (FERPA) your instructors and the university will only send messages to students through your NDNU student email account, once that account has been established. Students must regularly check their student email account for important information from the university as well as information about class meetings and assignments. Issues with NDNU email accounts should be directed to the OIT Help Desk at helpdesk@ndnu.edu or (650) 508-3555.

Netiquette. All students are responsible for conducting themselves in all class communication modalities for the course (e.g., email, chat groups, blog posts, discussion forums, text messages, etc.) in a manner that facilitates the productive, respectful, and thoughtful exchange of ideas. You are encouraged to comment, question, or critique an idea but never to attack an individual. While varied perspectives and disagreements are encouraged, they should be rooted in fact or experience and never in bias. Be cognizant of cultural and linguistic backgrounds as well as different political and religious beliefs. All opinions and experiences, no matter how different or controversial they may be perceived, must be respected in the tolerant spirit of academic discourse. The standard for how you conduct yourself online should be one of promoting a safe, engaging, respectful, and collaborative environment where diversity of opinion is valued.

Recording of Class. No student may record any classroom activity without first obtaining express consent from the

Notre Dame de Namur University
Program Director: Kelly Delaney
Email: kdelaney@ndnu.edu

instructor. If you have (or think you may have) a disability such that you need to record classroom activities, you should contact NDNU's Disability Resource Center to request appropriate accommodations.

NDNU Hallmarks. As one of the learning communities of Notre Dame de Namur, NDNU adheres to seven hallmarks that describe the essential characteristics, values, and activities of all its learning communities. The overarching theme for this semester's course connects to the following hallmark: We develop holistic learning communities which educate for life (Hallmark Seven). For more information on the Notre Dame de Namur hallmarks, see <https://www.ndnu.edu/about-ndnu/>. Please also note "We acknowledge that Notre Dame de Namur University sits on the unceded ancestral homeland of the Ramaytush Ohlone who are the original peoples of the San Francisco Peninsula. We recognize that we benefit from living and working in their traditional homeland, and we affirm their sovereign rights as first peoples."

Readings and Coursework. All required readings, including CalTPA-related documents, will be embedded into this syllabus. Look for the appropriate links in the “Course Meeting Schedule” as well in your Canvas Assignments.

Course Evaluation. This course is graded on a pass/no pass basis. To earn full credit and a pass grade, you must do the following: (1) Attend all class meetings, (2) Submit all CalTPA Drafts on time, and (3) Submit proof of CalTPA submission to Pearson by the deadlines listed below in “Course Requirements.”

Course Requirements.

1. Class Meetings: Attend all mandatory class meetings and individual meetings when scheduled by your instructor. Since as a class we do not meet every Tuesday, some free Tuesdays may be taken by individual meetings between a student and instructor for individualized CalTPA feedback. Please refer to the dates listed below in the “Course Meeting Schedule” section on specific class dates.
2. Drafts of CalTPA Cycle 1, Steps 1 to 4: Provide draft versions for each of the following forms by the assigned deadlines stated later in this syllabus (see schedule outline). You will submit them in our Google Classroom “Classwork” tab. For your reference, all the Cycle 2 parts are located below:
 - a. [Part A: Written Narrative Contextual Information](#)
 - b. [Part B: Lesson Plan](#)
 - c. [Part C: Lesson Plan Rationale](#)
 - d. [Part D: Related Instructional Resources and Materials](#) (read page 16 for directions)
 - e. [Part E: 3 Annotated Video Clips](#) (read pages 17-20 for directions)
 - ~~f. [Part H: Written Narrative Analysis of Informal and Student Self Assessment](#)~~
 - ~~g. [Part I: Formal Assessment Responses 3 Students](#) (read pages 22-25 for directions) KV will update later~~
3. Proof of CalTPA Submission: Please email or upload onto Google Classroom your proof of CalTPA submission, such as screenshot or PDF email receipt. ***Please note that your grade will be listed as “In Progress” (IP) to allow you to submit your CalTPA to Pearson by the following deadlines: January 18, 2024 (Fall semester cohort); May 31 2024 (Spring semester cohort).*** Exceptions to these deadlines are made with valid documentation (such as medical issues, personal emergency) to the instructor. ***Otherwise, if you do not show evidence of CalTPA submission by this deadline , you will receive a grade of “no pass” reported to the registrar's office.***

CalTPA Connection. In order for our students to have the best possible preparation for successful submission of their CalTPA, each course in the NDNU credential program will provide a connection to this TPA requirement. We encourage students to integrate the assignments given to them by their

course instructors as part of their overall CalTPA portfolio. For both seminar (EDU 4345/4445/4446) and CalTPA support classes (EDU 4886, section 2), CalTPA Cycle 2 in its entirety is integrated in this course.

SERVICES

Academic Success Center (ASC). The Academic Success Center (ASC) is your one-stop learning hub for in-person and online support services, including 1-to-1 writing consultations for all NDNU writing assignments as well as job materials, online workshops and group appointments, 24/7 on-demand online subject tutoring through TutorMe, research guidance, academic advising, and interactive resources designed in collaboration with faculty to help you save time and avoid stress. The ASC is here to help you achieve your academic and professional goals. Access Handshake, NDNU's official job and internship portal, through the ASC. Thousands of employers are hiring students on Handshake. Once you fill in your career interests, you'll get personalized recommendations for jobs and events and direct outreach from employers interested in students like you - 80% of students with a complete Handshake profile get messaged by employers. All ASC services are included with your tuition and available even after you graduate! Access the ASC site in Canvas to see all the resources available, to schedule an appointment, or to contact us. Have a question? Just ASC!

Academic Advising and Success Coach. The Academic Advisor and Success Coach provides guidance as you put together a plan for completing your degree requirements, helps you register for classes, answers any other questions about academic policies and procedures. Check your NDNU students email regularly for drop-in hours, special events, and resources. While students are ultimately responsible for knowing their degree completion requirements, your Academic Advisor and Success Coach is a great resource and available to meet through multiple mediums (in-person, Zoom, Skype, FaceTime, Text messaging, iMessage, WeChat and telephone). Plan to connect with them at least once each term (or more) to get their assistance with selecting, changing, adding, or dropping classes. Your program may require you to check in with your advisor during the advanced registration period. To fulfill this requirement, please email your advisor, academicadvising@ndnu.edu, or call them (650-508-3542) to schedule an online appointment (<https://calendly.com/ndnu>)

Disability Resource Center (DRC). Students with disabilities, whether physical, learning, or psychological, who believe that they may need accommodations in this class are encouraged to contact the Disability Resource Center as soon as possible to ensure that such accommodations are implemented in a timely fashion. Students who are experiencing conditions that are temporarily disabling (i.e., scheduled surgeries, hospitalizations, injuries, etc.) are strongly encouraged to contact the DRC. Our desire is to assist you with managing the impact of these circumstances. Please meet with the DRC staff through a virtual meeting in order to verify your eligibility for any classroom accommodations, and for academic assistance related to your disability. Accommodations are not provided retroactively. The DRC can be reached by email at DRC@ndnu.edu.

Library. Part of the Academic Success Center, the Gellert Library is here to support your research needs. Students can use the online catalog to find academic peer-reviewed journal articles, ebooks, print materials, and more. The library website offers guides that can help with your research and learning how to use the library and its resources. For more personalized help, students can meet one-on-one with a librarian via Zoom. To connect with a librarian please contact asc@ndnu.edu or schedule an appointment on the library homepage.

POLICIES

Academic Integrity. NDNU's core values include learning and integrity; values we live out in all areas of our learning community. Academic integrity means you are able to demonstrate your own knowledge and skills and receive feedback on your learning that can help you improve. If any words or ideas used in an assignment submission do not represent your original words or ideas, you must cite all relevant sources and make clear the extent to which such sources were used. Words or ideas that require citation include, but are not limited to, all hard copy or electronic publications, whether copyrighted or not, and all verbal or visual communication when the content of such communication clearly originates from an identifiable source. By taking responsibility for your own work and avoiding actions that could give you an unfair advantage over others, you are contributing to the NDNU learning community and developing professional skills and values that will serve you well into the future. Academic integrity is one of the most important values of a university community, and breaches of this trust have serious consequences. Please see the Student Handbook for a detailed discussion of Academic Conduct expectations.

Course Evaluation. Students are expected to complete and submit course evaluations, which will allow NDNU to improve the learning experience for students in each course and to maintain the quality of our academic programs. Note: Course evaluation survey results are anonymous (do not identify individual student respondents) and will not be available to the instructor until after they have posted their grades. **Teaching Effectiveness Surveys.** Surveys will be available online through the Campus Portal 2 weeks prior to the end of the semester and will close the Wednesday following the end of the term.. Your feedback regarding courses and faculty is especially important to NDNU, to your faculty, and to me as the instructor for this course. Your feedback helps us to review and improve their teaching, helps for department and programs review to improve program content, and is used by the university in making decisions about tenure, promotion, and hiring decisions for part-time faculty. **Directions:** To access, please enable pop-ups in your browser (uncheck pop-up blocker), then in Campus Portal look for the "You have an active survey" link in the left sidebar. Click that link to open the Course Evaluation Surveys page, which has a link to a survey for each course in which you are enrolled. Your feedback is particularly important! Please complete your evaluations for all your courses promptly. Remember: Your responses are anonymous and are not available to faculty until after course grades are posted.

COVID-19. NDNU recommends employees and students working or learning on campus to be fully vaccinated [<https://www.ndnu.edu/resources/covid-19-info/>]. Employees and students may apply for an exemption based on medical reasons, disability, or firmly held religious belief. If you test positive, please contact HR (hr@ndnu.edu).

Email Communications. In accordance with the Family Education Rights and Privacy Act (FERPA) your instructors and the university will only send messages to students through your NDNU student email account, once that account has been established. Students must regularly check their student email account for important information from the university as well as information about class meetings and assignments. Issues with NDNU email accounts should be directed to the OIT Help Desk at helpdesk@ndnu.edu or (650) 508-3555.

Netiquette. All students are responsible for conducting themselves in all class communication modalities for the course (e.g., email, chat groups, blog posts, discussion forums, text messages, etc.) in a manner that facilitates the productive, respectful, and thoughtful exchange of ideas. You are encouraged to comment, question, or critique an idea but never to attack an individual. While varied perspectives and disagreements are encouraged, they should be rooted in fact or experience and never in bias. Be cognizant of cultural and linguistic backgrounds as well as different political and religious beliefs. All opinions and experiences, no matter how different or controversial they may be perceived, must be respected in the tolerant spirit of academic discourse. The standard for how you conduct yourself online should be one of promoting a safe, engaging, respectful, and collaborative environment where diversity of opinion is valued.

Recording of Class. No student may record any classroom activity without first obtaining express consent from the instructor. If you have (or think you may have) a disability such that you need to record classroom activities, you should contact NDNU's Disability Resource Center to request appropriate accommodations.

Course Meeting Schedule

NOTE: The instructor reserves the right to make changes in the syllabus. The actual dates on which these sessions occur may be changed during the semester but not without advance notification. Unless otherwise noted, class meetings will be online at the InSpace link located in your **Canvas account**.

Understand how integrated and designated ELD are related and how designated ELD is taught in connection with (rather than isolated from) content areas and topics. Use ELA/literacy standards (or other content standards) and ELD standards in tandem to plan instruction that attends to students' literacy profiles, levels of English language proficiency, and prior educational experiences. Provide ELD instruction that builds on students' cultural and linguistic assets and develops students' abilities to use English purposefully, interact in meaningful ways, and understand how English works across the disciplines.
